CERTIFICATEN MANAGEMENT SYSTEEM

Gessi is een ethisch bedrijf, met aandacht voor kwaliteit, werknemers en het milieu.
Gebruikmakend van geavanceerde technologie, en soms het uitvinden van een eigen nieuwe processen, vasthouden aan zijn eigen strenge beleid, vaak tot ver buiten regelgeving, elke dag bevestigt Gessi haar doelstelling van behoud van het milieu, de productie creaties van ongeëvenaarde kwaliteit en het bevorderen van een gezonde werkplek.
Dit is waar Gessi naar streeft, in de overtuiging van deze waarden moeten worden gedeeld door iedereen die wil een cultuur van het product dat verder gaat dan alleen optredens te bevorderen.

Gessi, maison éthique entre qualité, personnes et environnement.
En utilisant des technologies à l'avant-garde et parfois en créant des procès innovants, en obéissant à ses propres politiques sévères et en allant aussi souvent au delà des prescriptions réglementaires, chaque jour Gessi affirme son objectif de préserver l'environnement, de réaliser des produits de qualité incomparable et de promouvoir une place de travail salubre.
Ceux-là sont les valeurs que Gessi tient beaucoup à coeur et qui devraient être partagés de la part de tous ceux qui comme Gessi souhaitent encourager une culture du produit qui aille au delà des simples apparences.

Gessi the ethical company, attentive to quality, laborers and the environment.
Employing advanced technology, and sometimes inventing its own new processes, adhering to its own strict policies, often far beyond regulations, every day Gessi affirms its goal of preserving the environment, manufacturing creations of unparalleled quality and promoting a healthy workplace.
These is what Gessi strives for, in the belief these values should be shared by all those who want to foster a culture of the product that goes beyond simple appearances.

AMBIENTE

Gessi al jaren op de voorgrond van "groene" productie, in feite heeft de onderneming sinds lange tijd bezig met zeer ernstige R&D gericht op de invoering van technologische en technische oplossingen in haar producten en processen, wiens doel het is de te minimaliseren middelen verbruik en de totale impact op het milieu, maar met behoud van een uitstekende esthetiek en het voorstellen van innovatieve ontwerpen bij elke nieuwe seizoen.

Gessi depuis toujours prête attention au thème d'une production "verte". L'usine depuis plusieurs années est engagée dans la recherche et développement de solutions technologiques et techniques dans ses propres produits et procès, dirigés à réduire la consommation et minimiser l'impact sur l'environnement, en préservant toutefois le soin très attentif à l'esthétique et en proposant à chaque saison des designs innovants.

Gessi has been for years on the forefront of "green" production; in fact the Company has since long engaged in very serious R&D aimed at introducing technological or technical solutions in its products and processes, whose goal is the to minimize resources consumption and the overall impact on the environment, while still preserving outstanding aesthetics and proposing innovative designs at every new season.

SICUREZZA

De productie filosofie van Gessi zet mensen in het centrum van het ideale systeem als het streven naar een concept van de "totale algemene kwaliteit" van haar processen, producten en arbeidsomstandigheden. Het bedrijf is ook zeer alert op de veiligheid en aangenaamheid van de omgevingen waar mensen werken en verblijven.

La philosophe de production Gessi pose la personne et la poursuite de la qualité totale au centre se son système idéal: système de procéssus, de produit, de travail; avec un soin particulier au milieu où l'homme vie et travaille.

The production philosophy of Gessi sets people at the centre of its ideal system as it pursue a concept of "total overall quality" of its processes, products and working conditions. The Company is also extremely attentive to the safeness and pleasantness of the environments where people work and dwel.

QUALITÁ

De toegevoegde waarde van een echte, integraal "Made in Italy – Made in Gessi" productie, is zichtbaar in alle Gessi creaties.

La valeur ajoutée d'une production intégralement "Made in Italy – Made in Gessi" apparaît dans chaque produit Gessi.

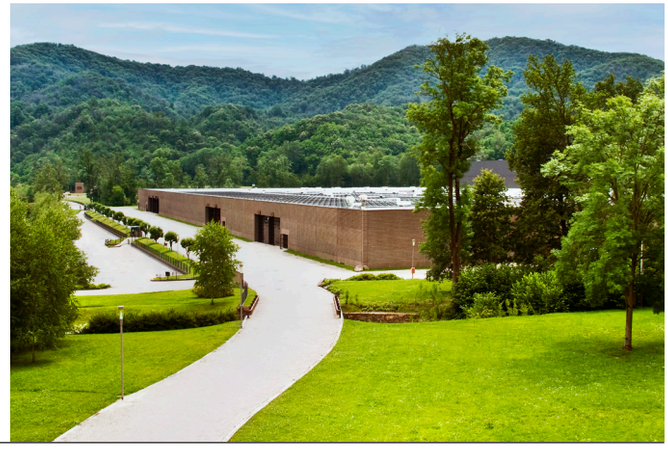

The added value of a genuine, integrally "Made in Italy – Made in Gessi" production, is apparent in all Gessi's creations.

DE GESSI OASIS, EEN “GROEN” INDUSTRIE PARK

Ontwerp van vandaag hoeft niet alleen esthetiek, ergonomie, functionaliteit en het vermogen om het product te industrialiseren, maar moet ook rekening houden met de waarden en bekommernissen van de samenleving: het milieu, energie bronnen, nieuwe woning douane, nieuwe individuele en collectieve behoeften.
Gessi is al lang bezig met een zeer nauwkeurige studie van innovatieve, tijdloze ontwerpen en nieuwe woonconcepten voor morgen woningen zijn hoofdzakelijk voorgesteld in elk seizoen - een beroep op het gebruik van de hoogste kwaliteit materialen en de aloude traditie van zorgvuldige Italiaans vakmanschap. Dezelfde mate van nauwkeurigheid wordt gebruikt bij het zoeken naar technische en technologische oplossingen, zodat een veilige en duurzame producten en processen te verkrijgen.
Gessi beweert een ‘bijzondere plek’ waar out-of-the-box fantasieën uitkomen.
De nieuwe Gessi Park is afkomstig van dit idee. Het werd ontworpen als een speciale, oase-achtige productie complex dat functionaliteit en efficiëntie met schoonheid, eco-vriendelijkheid en werknemers-vriendelijkheid combineert. Het park lay-out mixen industriële en landschap eco-architectuur, technologie en design, alles harmonieus geïntegreerd in het gebied. Dit zorgt voor een perfecte setting voor een naadloze productieprocessen waar producten bestemd voor de wereldwijde uitvoer worden vervaardigd met het gebruik van state-of-the-art technologie en nul milieu-impact.
De groene inrichting van het park is slechts een aspect van het totale project, waarvan duurzaamheid van het milieu ligt bij technisch geavanceerde, ecologisch verantwoord en industrieel ongeëvenaarde zo niet uniek systeem oplossingen.
Deze oplossingen variëren van natuurlijke verlichting en ventilatie door middel van apparaten binnen kwaliteitscontrole om zeer efficiënte airconditioning en verwarming, met inbegrip van, onder andere, systemen herstellen en hergebruik van de warmte die wordt geproduceerd, alle apparaten zijn ontworpen met de grootste aandacht voor energie-efficiëntie en reductie van de uitstoot van vervuilende stoffen in de atmosfeer.
Gessi is het eerste bedrijf in Europa te hebben ontwikkeld proeffabrieken voor de recycling bijna al het water gebruikt in productieprocessen, bijv. systemen voor de afvoer van grondwater en het hergebruik voor irrigatie, heeft systemen voor proces-waterwinning, zuivering en recycling, enz. De Vennootschap ook ingezet op een 4 ha oppervlakte een van de meest innovatieve en geavanceerde op het dak fotovoltaïsche zonne-generatie systemen, die in werking getreden op het einde van 2010 en zal schone energie te produceren terwijl het vermijden van duizenden tonnen CO_2 worden vrijgegeven in de atmosfeer.
De inzet om processen te optimaliseren en het minimaliseren van afval en inefficiënties gaat elk niveau van de organisatie door middel van een geïntegreerde Kwaliteit en Milieu Management Systeem. Bescherming van het milieu is een zorg, omdat de zeer vroege stadia van ontwikkeling van een product of proces project; Gessi beschouwt het als een missie naar haar klanten en een uitdaging om een gedachtengang te creëren voor iedereen om het milieu gelijkgestemde gedrag en keuzes te omarmen.
Immers, voor Gessi Innovatie betekent niet alleen het bedenken van nieuwe esthetische oplossingen, maar ook, en nog belangrijker, aan dromen en behoeften, inclusief die van generaties, komen met nieuwe technologieën, nieuwe productieprocessen en nieuwe materialen.
Samen met het ontwerp uniciteit en technologie, de echte toegevoegde waarde van het merk Gessi is inderdaad de inhoud van poëzie en respect voor de wereld.

Aujourd’hui le design n’est pas seulement esthétique, ergonomie, fonctionnalité et la capacité d’industrialiser la conception du produit; le design doit prendre en compte des valeurs et des préoccupations de la société: l’environnement, des ressources énergétiques, des nouvelles façons de vivre, des nouveaux besoins individuels et collectifs.
Gessi est engagée depuis des années dans une recherche fondamentale, de manière à proposer à chaque saison, un design innovant à valeur intemporelle, nouveaux concepts de vie pour la vie future, réalisés dans des matériaux de haute qualité et avec la garantie d’une minutieuse production italienne; la même attention est consacrée à la recherche de solutions techniques et technologiques pour la sécurité et la durabilité des produits et des procédés.
Gessi a l’ambition de développer une démarche exceptionnelle à partir d’un site exceptionnel.
A partir de ce préambule est né le projet de «usine-oasis» du Parc Gessi: un site productif «particulier», projeté pour être fonctionnel et efficient, en même temps beau et dans chaque aspect ami de l’ouvrier et de la nature. Le Parc réalise une scénographie de éco architecture industrielle et paysagiste, technologie et design, insérée dans le territoire en manière harmonique. Chez Gessi on pense et on réalise, en manière totalement intégrée, chaque aspect d’une production destinée à l’exportation dans chaque partie du monde, avec l’emploi des meilleures technologies à ce jour disponibles sans impact sur l’environnement.

L’OASIS GESSI, UN PARC INDUSTRIEL DANS LE VERT

L’image «verte» du Parc n’est qu’un aspect du projet, qui dans la réalité se base sur son soutien de l’environnement sur plusieurs solutions de systèmes techniquement avancés et écologiquement responsables, absolument uniques sur le panorama industriel. A partir de l’éclairage et de l’aération naturelle, au contrôle de la qualité interne, aux systèmes qui assurent une efficace climatisation par la récupération et la réutilisation de la chaleur, en faisant attention à l’efficience énergétique et aux émission nuisances dans l’atmosphère.
L’engagement envers l’optimisation des procédés et envers la minimalisation des gaspillages et le manque d’é fficacité implique, à travers le système de Gestion Intégrée Qualité et Environnement, tous les niveaux de l’organisation de l’usine. La sauvegarde de l’environnement est prise en considération déjà à partir des premières phases de production de chaque projet relatif à procédés ou à produits: la sauvegarde de l’environnement est vécue par Gessi comme une véritable mission envers ses clients et comme un engagement à créer une mentalité qui fasse devenir pour chaque personne ce choix comme une “exigence naturelle”.
D’autre part innover pour Gessi signifie non seulement inventer de nouvelles solutions esthétiques mais surtout satisfaire des rêves et des besoins, même ceux des générations futures, caractérisées par des technologies nouvelles, des nouveaux procédés productifs, des matériaux nouveaux. La véritable valeur adjointe de la marque Gessi est son contenu de poésie et respect pour le monde liés à son design unique et à sa technologie.

Design today need not only be aesthetics, ergonomics, functionality and ability to industrialize the product; it should also take account of the values and concerns of society: the environment, energy resources, new dwelling customs, new individual and collective needs.
Gessi has long engaged in a very accurate study of innovative, timeless designs and new housing concepts for tomorrow’s dwellings to be invariably proposed at every season - relying on the use of highest quality materials and the time-honoured tradition of meticulous Italian craftsmanship. The same level of accuracy is used in its search for technical and technological solutions so as to obtain safe and sustainable products and processes.
Gessi purports to be a ‘special place’ where out-of-the-ordinary fantasies come true.
The new Gessi Park originates from this very idea. It was designed as a special, oasis-like production complex that combines functionality and efficiency with beauty, eco-friendliness and worker-friendliness. The Park layout mixes industrial and landscape eco-architecture, technology and design, all harmoniously integrated in the territory. This provides a perfect setting for seamless production processes where products meant for worldwide exportation are manufactured with the use of state-of-the art technologies and zero environmental impact.
The green design of the Park is just an aspect of the overall project whose environmental sustainability rests with technically advanced, ecologically responsible and industrially unparalleled if not unique system solutions.
These solutions span from natural lighting and ventilation apparatuses through indoor quality control to highly efficient conditioning and heating systems including, inter alia, systems recovering and reusing the heat produced; all devices are designed with the utmost attention to energy efficiency and abatement of polluting emissions into the atmosphere.
The commitment to optimise processes and minimise wastes and inefficiencies involves each level of the Organization through an Integrated Quality and Environmental Management System.
Environment protection is a concern since the very early stages of development of any product or process project; Gessi considers it a mission towards its clients and a commitment to create a mindset for everyone to embrace environment minded behaviours and choices.
After all, for Gessi Innovation means not only inventing new aesthetic solutions but also, and more importantly, meeting dreams and needs, including those of generations to come, with new technologies, new production processes and new materials. Along with design uniqueness and technology, the real added value of the Gessi brand is indeed its content of poetry and respect for the world.

Standaard meegeleverde knop voor mixers met 5 uitgangen
Bouton standard fourni pour les mélangeurs à 5 sorties
5 outlet mixer standard supplied buttons

De standaardknoppen kunnen worden vervangen door knoppen met daarop de specifieke iconen van de wateruitlaten die de gebruiker in zijn douche wil installeren en die apart besteld kunnen worden.
Er zijn geen toetsen met een neutrale of niet-gezeefdrukte configuratie.

Les boutons standards peuvent être remplacés par des boutons portant les icônes spécifiques des sorties d'eau que l'utilisateur souhaite installer dans sa douche et qui peuvent être commandés séparément.
Il n'y a pas de touches avec une configuration neutre ou non sérigraphiée

The standard keys can be replaced with special etched one having the specific icons of the water outlets required by the customer. Any custom key can be ordered separately.
Keys without etching or neutral configurated are not available.

De standaardknoppen kunnen worden vervangen door knoppen met daarop de specifieke iconen van de wateruitlaten die de gebruiker in zijn douche wil installeren en die apart besteld kunnen worden. Er zijn geen toetsen met een neutrale of niet-gezeefdrukte configuratie.

The standard keys can be replaced with special etched one having the specific icons of the water outlets required by the customer. Any custom key can be ordered separately. Keys without etching or neutral configurated are not available.

Les boutons standards peuvent être remplacés par des boutons portant les icônes spécifiques des sorties d'eau que l'utilisateur souhaite installer dans sa douche et qui peuvent être commandés séparément.
Il n'y a pas de touches avec une configuration neutre ou non sérigraphiée

TECHNICAL INFORMATIONS

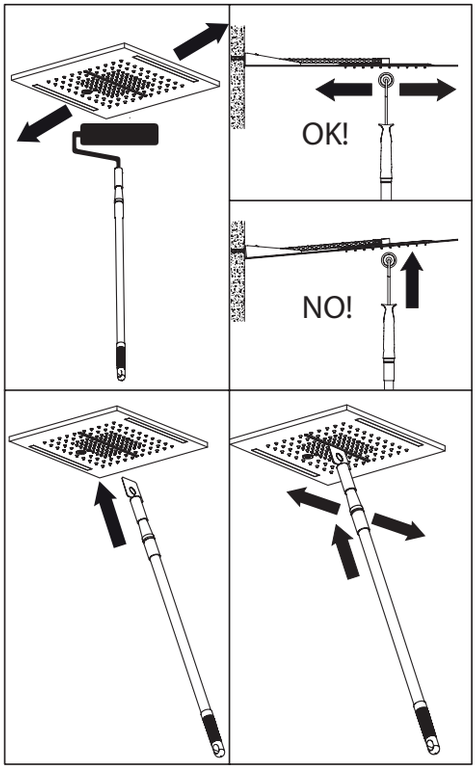

SAFETY VALVE

Gessi Patent Safety Valve
Les pommes de douche Minimali et Colour sont équipées par un système révolutionnaire pour la sécurité de l'installation et de l'utilisateur.
Dans le cas d'obstruction des picots (dû au calcaire et aux impuretés), le système Safety valve permet de décharger l'eau resté à l'intérieur de la pomme de douche par deux ouvertures du dispositif de sécurité. Cela évite des sollicitations inutiles aux joints internes de la pomme de douche et prévient le client de procéder avec l'entretien de l'article à l'aide du kit de nettoyage fourni avec le produit. Après cet entretien, le système de décharge se ferme automatiquement.

Minimali and Colour showerheads are equipped with a revolutionary safety system, which improves the system and the customer's safety. Impurities and dirt, which might be present inside the system, during the use of the showerhead might reach the silicone nozzles and clog them. In this case, in a system of 3 bars pressure approx., a huge force gets generated. Thanks to the new technology, which is installed exclusively in Gessi showerheads, with a nozzles clog of 50%, the Safety Valve system will drop water through two openings specially provided. This will prevent useless stress for the gaskets and will warn the customer that a proper maintenance is needed. This will be really easy thanks to the cleaning kit provided together with the showerheads. Once the pressure level will go back to standard, the safety system will be automatically shut off.

CLEANING KIT

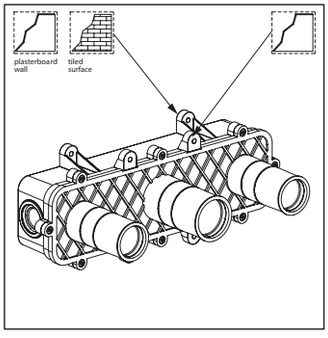

Gessi pour assurer le correct entretien et la beauté des pommes de douche Private Wellness a réalisé un kit de nettoyage fourni gratuitement avec le produit.
Ce kit est composé par :
Bras télescopique qui permet d'accéder facilement à la pomme de douche
Rouleau en caoutchouc pour le nettoyage des picots
Palette pour le nettoyage du bec cascade.

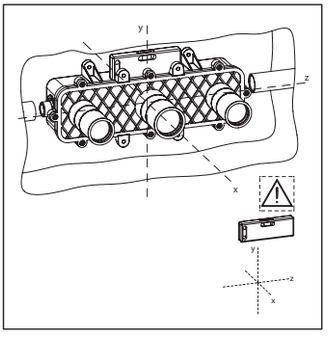

In order to grant a proper cleaning and beauty of Private Wellness showerheads, Gessi prepared kit 01710, supplied together with Minimali and Colour showerheads. This kit is composed by a telescopic arm, meant to reach showerheads installed at a significant height, a rubber roll and a spatula. While water is pouring in "rain" function, it will be necessary to move the roll in any direction of the surface of the showerhead, In this way, nozzles will be squeezed and limestone removed and expelled through the stream of water. We suggest to repeat the same action until all the nozzles will provide a perfect flow. The spatula is meant for the waterfall function. It will be enough to install it on the telescopic arm and move it back and forth the waterfall opening, in order to remove any limestone sediment until the stream of water will get the typical "V" shape.

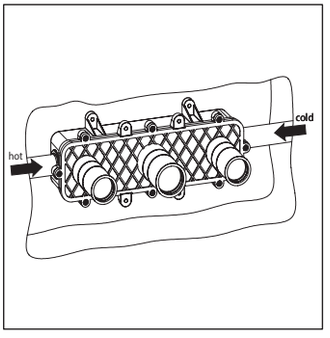

FIXING WALL

Les parties encastrées Gessi peuvent être installées soit au mur que sur placoplâtre.
Cela est possible grâce à des vis positionnées dans deux différents logements comme montré dans l'image à côté.
Pour toutes les parties encastrées il y a la possibilité de positionner le niveau en réduisant de cette manière au minimum éventuels erreurs de positionnement.
Les boites sont équipées de bagues bleu et rouge pour la correcte installation des arrivées d'eau.

Gessi built in parts can be installed both in the rear and in the front part. For the rear installation, the box can be installed directly on the wall. The built in part will be correctly secured to the wall by fixing the screws on the rear part, while on the front part the screws will be fixed on apposite wings. Any Gessi built in part have apposite surfaces, both in square or round outer boxes, where to position the level, in order to install the built in part in a proper way, reducing the mistake chances. The boxes are equipped with specific colored rings meant for the installation of the respective pipes.

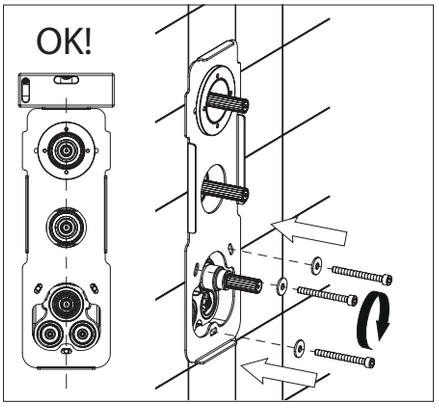

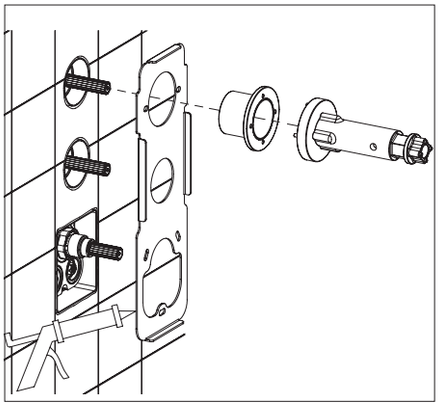

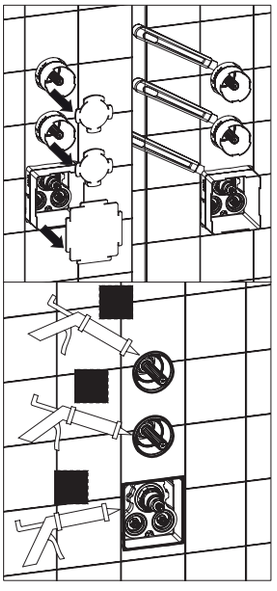

ADJUSTMENT INSTALLATION MISTAKE

Une autre innovation très importante est la possibilité de corriger d'éventuelles erreurs d'installation sur le mur. Dans le cas d'un corps positionné verticalement ou horizontalement, par exemple un mélangeur thermostatique haut débit, il est possible d'ajuster les erreurs jusqu'à 1,5 degrés, en positionnant une plaque exclusive Gessi qui permet d'aligner les joints des carreaux avec les lignes des pièces installé sur le mur.

Another innovation of great importance is the chance to correct any installation mistake of the external parts. It could be quite difficult to install correctly a big and heavy built in body such as thermostatic ones. Now, thanks to a special plate made exclusively by Gessi, mistakes till 1,5 degrees can be fixed. It will be enough to position the supplied plate on the installed built in part and it will help to align the external parts to the tiles.

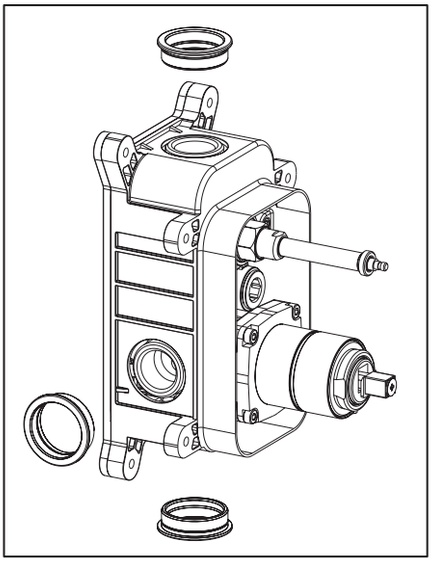

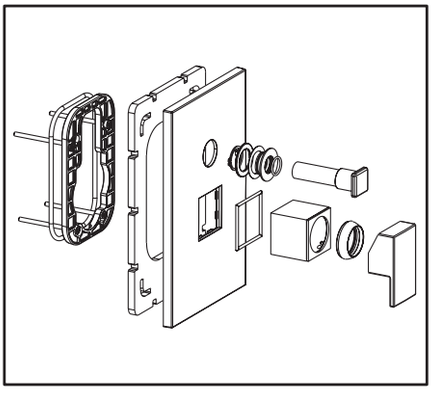

GESSI

INSIDE SAFETY
OUTSIDE SAFETY

Important point de force de Gessi est la technologie qui distingue la sécurité des corps d'encastrement et des relatives parties apparentes qui permet de ne pas disperser l'eau à l'intérieur du mur et que la partie apparente puisse protéger le mur d'éventuelles infiltrations provenant de l'extérieur.
Dans chaque position d'entrée et de sortie des tuyaux, les corps d'encastrement sont équipés de joints qui retiennent des éventuelles fuites à l'intérieur de la boîte d'encastrement. Dans ce cas l'utilisateur percevra la fuite en voyant l'eau sortir par des passages appropriés à travers de brides en dessous de la partie apparente et avec une section spéciale placée dans les joints qui se trouvent derrière la plaque de finition.
De cette manière, en cas de fuites éventuelles, l'eau sortira de la boîte sans abimer le mur en évitant de cette façon des dégâts importants.
Pendant la distribution de l'eau, des joints spécifiques évitent l'entrée de l'eau à l'intérieur de la boîte. L'eau qui coule le long du mur ne pourra pas entrer à l'intérieur de la boîte grâce à des innovations sophistiquées qui permettent de maintenir l'eau à l'extérieur de la bride situé au-dessous de la plaque de finition et à des joints situés en proximité de la cartouche et de l'inverseur.

One of the greatest strength of Gessi is the technology of the built-in parts' safety and of their related external parts; it allows not to disperse any water inside the wall and to protect it from any external infiltration. In every position of entry and exit of the hoses, built-in parts have special gaskets that keep every potential leak inside the box. The customer, anyway, is able to notice the leaks thanks to some special rides under the external parts. So, in case of leaks, water will get out of the box without penetrating into the wall and causing extensive damages. During water supply, specific gaskets prevent the entry of water inside the box. Water that runs on the wall cannot indeed penetrate inside the box because of sophisticated innovations that keep the water outside the flange that is under the finished plate. Therefore, Gessi ranks as a top quality Company in the construction of hotels and big buildings.

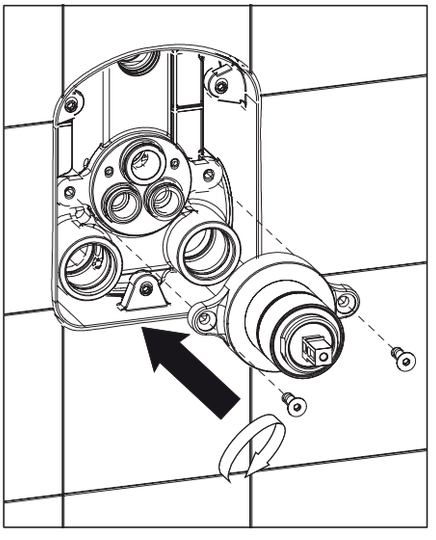

MUFFLER DEVICE CLASS 1

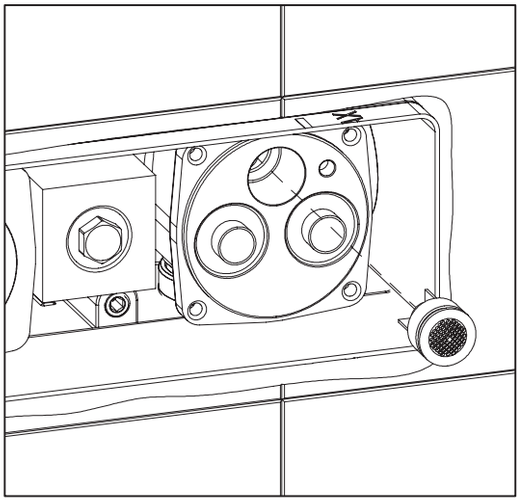

Deux dispositifs installés à proximité de la cartouche permettent une réduction du bruit. L'eau qui filtre dans les tuyaux a des variations de débit et de pression qui transmettent une fréquence à l'intérieur du corps embarqué. Les systèmes en silicone mis en œuvre par la technologie Gessi adoucissent la sortie de l'eau qui pénètre avec cette vibration, réduisant le bruit d'environ 30/40%.

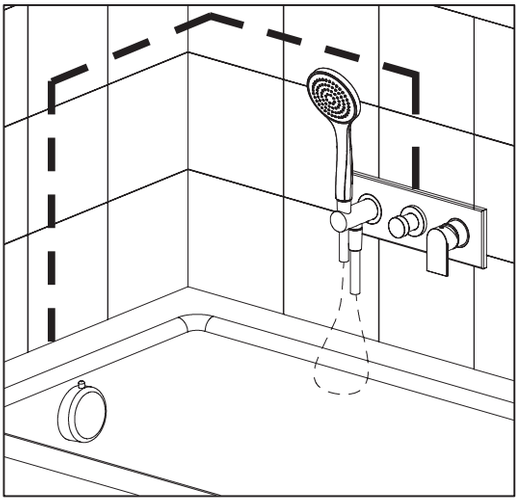

Two devices placed near the cartridge allow noise reduction. Water running in the hoses has pressure and flow changes, which transmit a frequency inside the built-in part. Silicone systems of Gessi's technology allow incoming water with this vibration to come out softly, reducing the noise by 30/40% approximately.

PRESSURE | 3 bar noise **< 20 db**
PRESSURE | 5 bar noise **< 25 db**

NON-RETURN SYSTEM UNI EN 1717

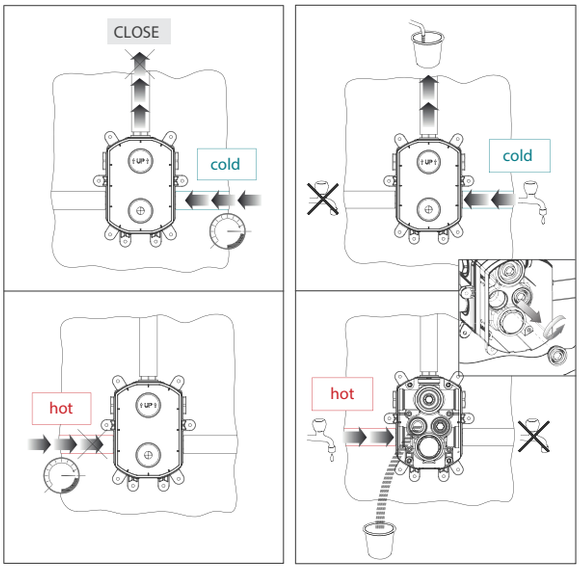

Système complexe qui assure qu'aucune contamination sale de l'eau dans le système de distribution de l'eau pure. Dans des cas particuliers où il peut y avoir l'effet d'aspiration des tuyaux, ce système assure l'arrêt de l'eau polluée jusqu'à le clapet anti-retour. Un dispositif conforme à la norme UNI EN 1717 sur la prévention de la «pollution de l'eau potable à l'intérieur des bâtiments afin d'éviter la pollution par retour. Un reflux de fluide (retrosifonamento) dans un système de fourniture d'eau potable peut se produire en raison d'un vide partiel (perte de charge) dans le système d'alimentation en eau potable (provoquée par exemple par le fonctionnement d'une vanne, par l'éclatement d'un Tube, à partir de l'exploitation d'une pompe auxiliaire, la demande excessive de l'eau dans une partie du système, l'eau prise en urgence d'une bouche d'incendie.
Les types d'installation sont concernés: Mélangeur bain avec douche à main, Mélangeur de baignoire avec l'orifice d'entrée au-dessous du bord de la baignoire

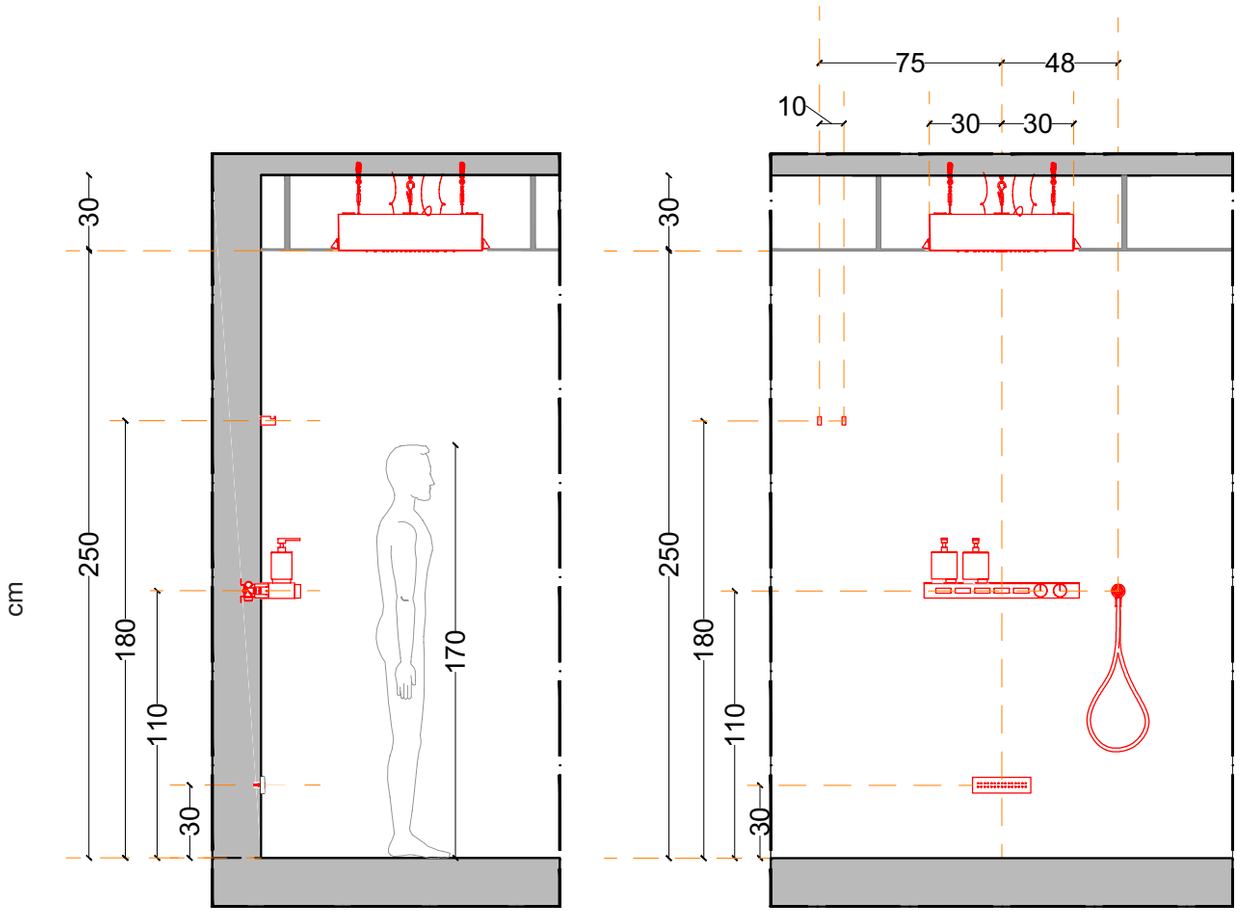

It's a complex system that avoids the contamination of clean water with dirty water in the distribution system. In specific cases, when suction inside the tubing is possible, this system ensures the stop of polluted water up to the non-return valve. Device that complies with the UNI EN 1717 on the prevention on pollution of potable water inside buildings in order to prevent pollution by backflow. A fluid backflow in a system of supply of potable water may occur due to a partial vacuum (pressure drop) in the potable water supply system (caused for example by the operation of a valve, by the bursting of a tube, from the operation of an auxiliary pump, the excessive water demand in one part of the system, the water taken in emergency from a fire hydrant.
Types of installation concerned are: Bath mixer with hand shower, Bath mixer with inlet port below the edge of the bath

TEST AND CLEAN WATER SUPPLY CONNECTION EN 806-4

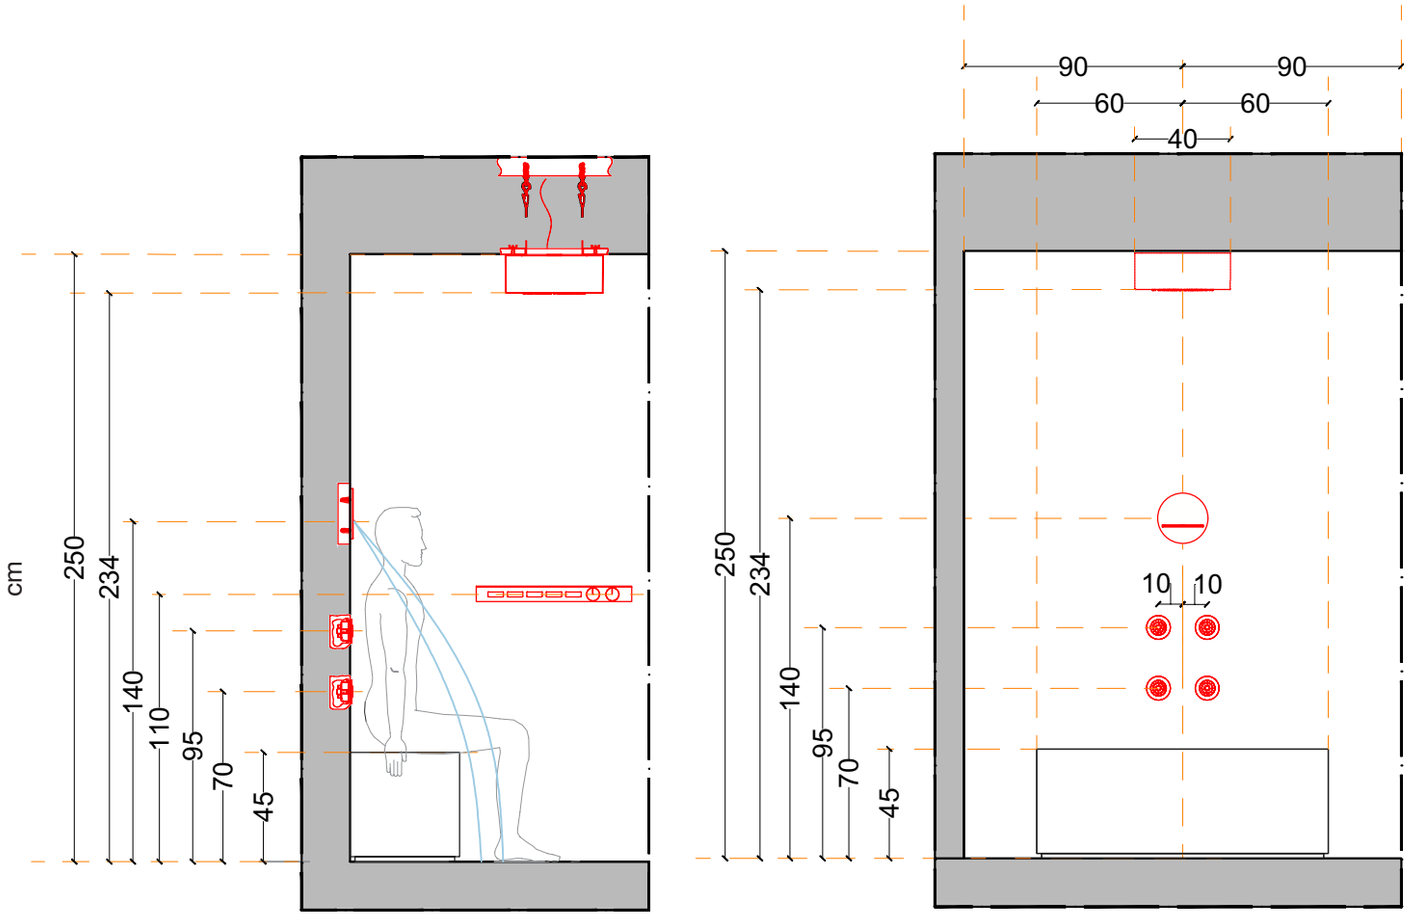

Dans les parties encastrées Gessi sont présents des bouchons d'essai afin de tester la ténue hydraulique et pouvoir purger l'installation sans abimer les parties fonctionnelles telle que la cartouche, les filtres et l'inverseur. Ceci permet de s'aligner à la norme UNI EN 806-4 (procédure qui permet à l'installateur de réaliser correctement les opérations nécessaires à garantir au mieux les tests sur l'installation).

It is possible to test and clean the system after the installation of Gessi built in parts. According to UNI EN 806-4 regulation, a standard procedure allows the plumber to correctly accomplish the simple operations needed to best grant the tests on the system. Functionality components such as cartridges, filters and diverters are not included anymore inside Gessi built in boxes. On the other hand, caps are installed on the built in part: with simple connections they allow the system to be pressured and the internal parts to be cleaned without damaging any delicate component.

The all high water-flow capacity thermostatic mixer controls can be set up in the vertical position (with hot and cold water-flow facing the bottom) or in the horizontal position (with hot and cold water-flow facing the right hand-side).
It works both with electrical and gas water heater, Central heating systems or Wall and floor boiler
Toutes les commandes thermostatiques Haut Débit peuvent être installées verticalement (avec entrée eau chaude et eau froide en partie inférieure) ou horizontalement (avec entrée eau chaude et eau froide à droite).

Hermetic built-in box. *For installation on wall or blasterboard panel.*
Box encastrée tenue étanche. *Pour installation sur murs en maçonnerie ou placoplâtre.*

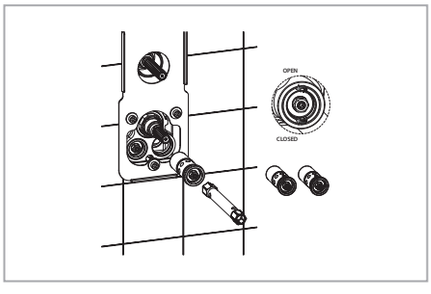

Joint washers between built-in part and wall. *For a perfect hydraulic tightness.*
Joint de tenue entre le corps encastrée et le mur.
Pour une parfaite tenue hydraulique entre la maçonnerie et le corps mitigeur encastrée.

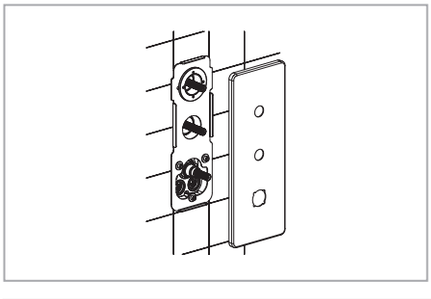

Universal built-in part fitting all collections. *External parts can be one plate or single plates.*
Parte incasso universale da abbinare alle varie collezioni. Le parti esterne si suddividono in due tipologie: piastra unica e piastre singole.
Partie encastrée universelle à combiner aux différentes collections. Les parties apparentes se subdivisent en deux typologies: plaque unique et plaques individuelles.
Parte empotrable universal diseñada para adaptarse a las diferentes colecciones. Las partes externas se dividen en dos tipos: en una sola placa o en placas individuales.

43103 - 43105 - 43107 - 43109

3/4" filters with Non Return Valves and water flow limiting/closure device. *In addition to keeping the mixer cleaned and avoiding water flow return, the water limitation/closure device allows hot and cold water pressure/flow to be balanced as well as the water flow stop in case of maintenance.*
Filtres 3/4" avec clapet de non retour et système de limitation/fermeture eau. En plus de maintenir le mitigeur propre des impuretés d'eau et interdire le retour au mont d'eau, le système de limitation et fermeture d'eau intégré, permet de balancer les pressions/débit entre l'eau chaude et l'eau froide et si nécessaire de fermer complètement l'alimentation pour effectuer éventuels interventions d'entretien.

Sealing flange indipendent of the aesthetic covering flange. *It helps installation, guarantees a perfect sealing and simplifies the periodical maintenance for filters cleaning.*
Joint de tenue mural indépendant de la plaque de fixation externe. Il facilite l'installation, il garantie une parfaite tenue et simplifie considérablement l'entretien périodique pour un éventuel nettoyage des filtres.

• *Minimum pressure of working: 0.5 bar*
• *Maximum operating pressure: 5 bar (For higher hydraulic pressures we recommend to install a pressure reducer)*
• *Pressure of working advised: 3 bar*
• *Safety block at 38° C*
• *Minimum working temperature 3° C COLD WATER (suggested 15° C)*
• *Maximum working temperature 80° C HOT WATER (suggested 65° C)*
• *Suggested temperature differential: 50° C*
• *Safety system with water supply block in case either hot or cold water is missing*
• *Supplied with steel filter to keep the impurity out*

Features of high performance thermostatic mixers from 2 till 5 exits with option of one or separate restricted wall controls:

• *All the outflows are unconnected (they can be open at the same time – obviously in this case the water-flow capacity divides onto all the open ways)*
• *The thermostatic mixers with 2 outflows have the water-flow towards the right hand-side (or towards the top if they are sep up in the horizontal position)*
• *The thermostatic mixers with 3 outflows have two-ways water-flow towards the right hand-side and one at the top (or two ways towards the top and one towards the left side if they are set up in the horizontal position)*
• *The thermostatic mixers with 4 outflows have all the water-flow gateways towards the right hand-side (or all the gateways towards the top if they are set up in the horizontal position)*
• *The thermostatic mixers with 5 outflows have four-ways water-flow towards the right hand-side and one at the top (or four ways towards the top and one towards the left side if they are set up in the horizontal position)*
• *To three bars, the single gateway water-flow capacities are about 40 l/min*

The thermostatic mixers with 5 outflows: They are totally different from the others as they are made with a stopcock and one diverter with five positions. The outflows can be selected only one by one and therefore they cannot be matched; the water-flow can be open or closed in any position of the switch by operating on the stopcock.
The thermostatic mixer outflows in the vertical position are two on the right hand-side, one on the top and two on the left hand-side
The thermostatic mixer outflows in the horizontal position are two on the top, one on the left hand-side and two on the bottom
To 3 bars, the one single-gateway water-flow capacities are about 30 l/min

Thermostatic mixer with the option of separate wall control (art. 43281-43283):
A separaterd thermostatic group installation is possible for single-plated thermostatics; regarding quantity and positionning of thermostatic exits, they can be installed according to one's needs.

ATTENTION: It is strongly recommended that the product is only installed by a fully qualified plumber who is aware of the installation and the pressure requirements of the system (both for the heating systems above mentioned and others).

• Pression minimum d'exercice: 0,5 bars
• Pression maximum d'exercice: 5 bars (pour pression supérieure on recommande l'installation d'un réducteur de pression)
• Pression d'exercice conseillé: 3 bars
• Bloc de securité 38 °C
• Température minimum d'exercice: 3° C FROIDE (conseillée 15 ° C)
• Température maximum d'exercice: 80° C CHAUDE (conseillée 65 ° C)
• Différentiel thermique conseillé: 50° C
• Système de sécurité avec bloc du débit, en cas de manque d'eau EF/EC
• Equipés de filtres en acier inox pour le traitement des impuretés

Caractéristiques des thermostatiques Haut Débit de 2 à 5 sorties:

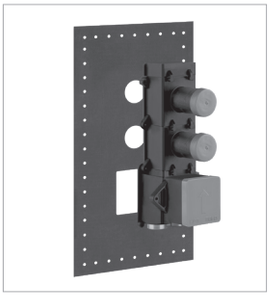

• Toutes les sorties sont indépendantes
(on peut ouvrir simultanément, dans ce cas logiquement le débit se partage entre toutes les fonctions ouvertes)
• Les thermostatiques à 2 sorties présentent leurs sorties vers la droite
(ou vers la partie supérieure si installés horizontalement)
• Les thermostatiques à 3 sorties présentent deux sorties à droite et une vers la partie supérieure
(ou 2 vers la partie supérieure et une vers la gauche si installés horizontalement)
• Les thermostatiques à 4 sorties présentent toutes les sorties à droite
(ou toutes vers la partie supérieure si installés horizontalement)
• Les thermostatiques à 5 sorties présentent quatre sorties à droite et une vers la partie supérieure
(ou 4 vers la partie supérieure et une vers la gauche si installés horizontalement)
• A 3 bars, le débit de chaque sortie est de 40 l/mn environ

Les thermostatiques à 5 sorties
Ils se différencient totalement des autres, étant composés d'un robinet d'arrêt et d'un inverseur cinq positions. Les sorties peuvent être sélectionnées seulement individuellement et donc ne peuvent pas se combiner; dans n'importe quelle position de l'inverseur on peut ouvrir et fermer le débit en utilisant le robinet d'arrêt.
Les sorties pour les thermostatiques en position verticale se présentent 2 à droite, une vers la partie supérieure et 2 à gauche
Les sorties pour les thermostatiques en position horizontale se présentent 2 vers la partie supérieure, une à gauche et 2 vers la partie inférieure
A 3 bars de pression, les débits pour chaque sortie sont d'environ 30 l/mn A 3 bars de pression, les débits pour chaque sortie sont d'environ 30 l/mn

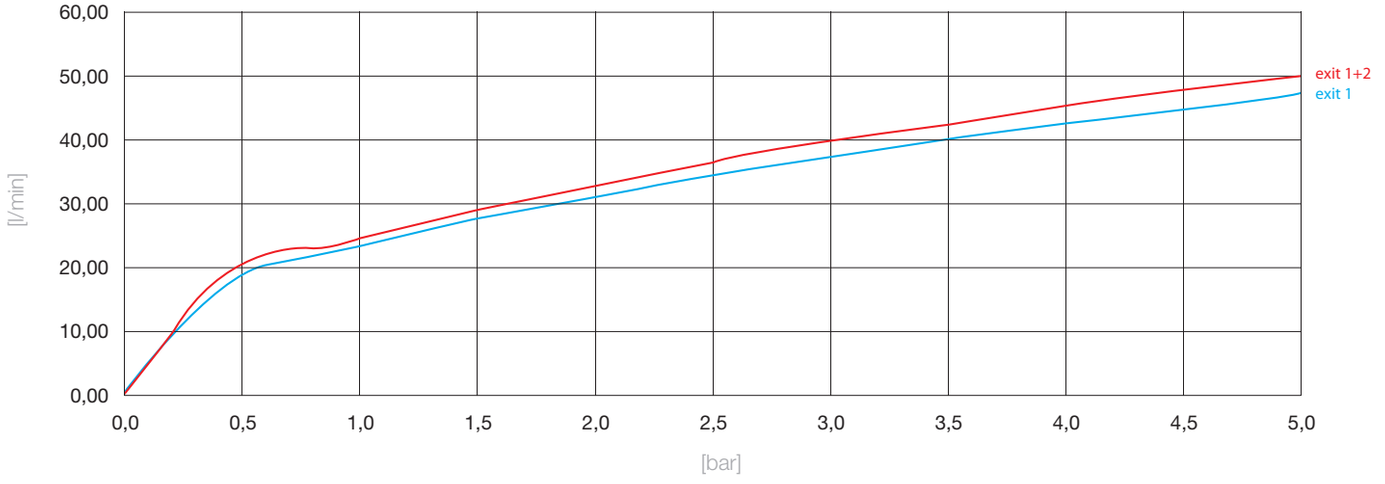

Thermostatique avec plaques individuelles non contraignant (art.43281-43283)
Pour les thermostatiques avec plaques individuelles il est possible d'installer un groupe thermostatique séparé; les sorties peuvent être installées en quantités et position selon les exigences du client.

ATTENTION
On conseille, de contacter un plombier-chauffagiste de confiance pour une installation correcte et fonctionnelle du mitigeur thermostatique aussi bien avec dispositif de chauffage indiqué ci-dessus, qu'avec autres typologies.

Functioning
The nebulizer is a system that allows dispersion into the air of microscopic water droplets. The operation of these micro-particles features, according to sizes and speed, the absorption of heat from the surrounding environment (evaporating) and/or its dispersion (cooling).
Anyway the result obtained is the supply of an atomized flow at high temperature, such as to guarantee a beneficial refreshment effect.
The feeding pipes have to be rinsed carefully before the installation of the device so that there won't remain shavings, sealing or hemp residues, or other impurities inside the pipes. Through pipes not thoroughly rinsed or through the general water network, in the device foreign bodies can enter that could damage gaskets /o-ring. So filters should be installed also on the general system.
Minimum pressure for proper operation: > 2 Bar.

Fonctionnement
Le nébuliseur est un système qui permet la dispersion dans l'air de gouttelettes d'eau microscopiques. Le fonctionnement de ces microparticules comporte, selon les dimensions et la vitesse, l'absorption de la chaleur du milieu ambiant (évaporation) et/ou sa dispersion (refroidissement).
Quoi qu'il en soit, le résultat obtenu est la fourniture d'un flux atomisé à haute température, de manière à garantir un effet rafraîchissant bénéfique.
Les tuyaux d'alimentation doivent être soigneusement rincés avant l'installation de l'appareil afin qu'il ne reste pas de copeaux, de résidus de cachetage ou de chanvre, ou d'autres impuretés à l'intérieur des tuyaux. A travers les tuyaux qui n'ont pas été soigneusement rincés ou à travers le réseau d'eau général, dans l'appareil peuvent entrer des corps étrangers qui pourraient endommager les joints /o-ring. Il faut donc installer des filtres également sur le réseau général.
Pression minimale pour un bon fonctionnement : > 2 Bar.

METHOD FOR SELECTING WASTEFITTINGS /
MÉTHODE DE SÉLECTION DES BONDES

The first distinction to make when selecting a waste fitting is to know the type of sink on which it will be used, which can either have an overflow or without an overflow / La première distinction à faire lors du choix d'une bonde concerne le type de bassin, qui peut être avec ou sans trop-plein

WITH Overflow / AVEC trop plein

Washbasins with an overflow feature a hole on the side of the basin where excess water drains in case of over accumulation, preventing accidental flooding / Les lavabos avec trop-plein sont dotés d'un trou à l'intérieur qui sert à vider l'eau en cas d'accumulation excessive, évitant ainsi une inondation accidentelleì

Overflow Hole / Trou Trop Plein

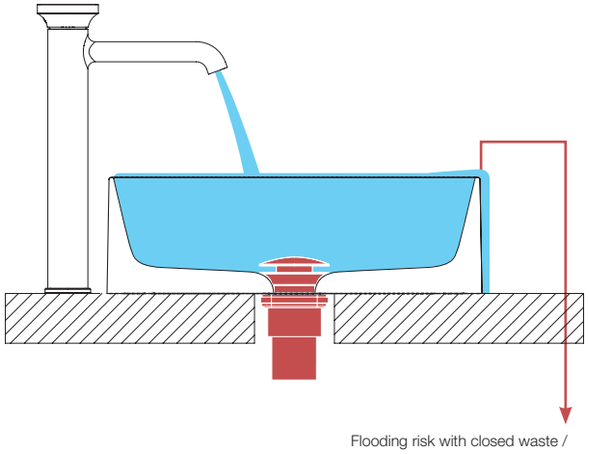

WITHOUT Overflow / SANS trop plein

Washbasins without an overflow do not feature any drainage hole, but they have the advantage of offering a better aesthetic result / Les lavabos sans trop-plein n'ont pas de trou de vidage, mais présentent l'avantage de présenter une meilleure esthétique

Flooding risk with closed waste /
Risque d'inondation en cas de bonde fermée

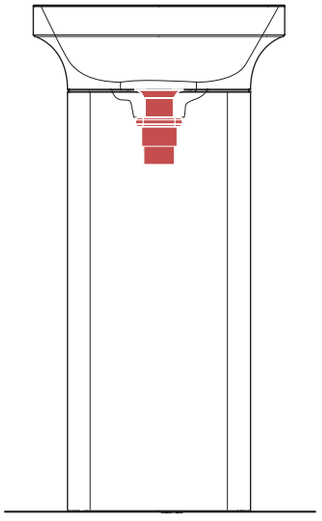

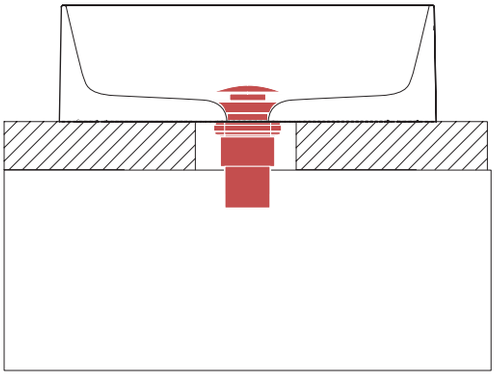

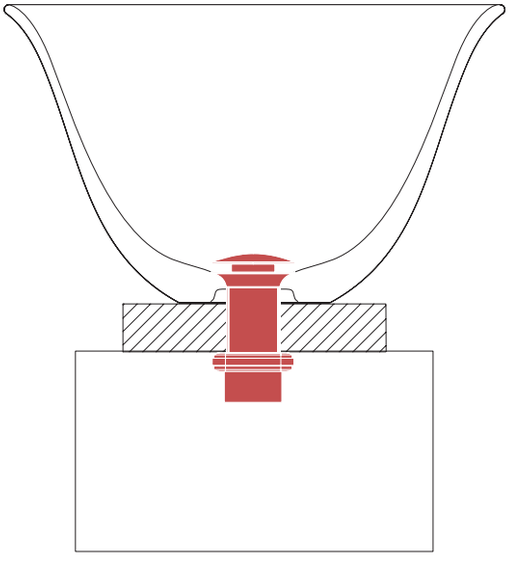

Drains with installable closure, but with risk of flooding /
Des bondes avec fermeture peuvent être installées, mais avec le risque d'inondation

SELECTION OF THE DRAIN BASED ON THE HEIGHT OF THE DRAIN HOLE AND POSSIBLE TOP /
CHOIX DE LA BONDE EN FONCTION DE LA HAUTEUR DU TROU DE VIDAGE ET DE LA SURFACE D'INSTALLATION ÉVENTUELLE

1

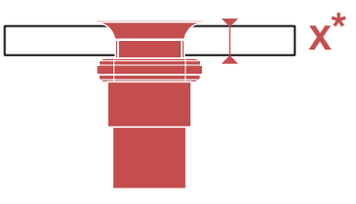

Sink not mounted on a countertop, such as a freestanding sink, the drain is fixed only on the ceramic / Lavabo ne posant pas sur une surface d'installation, par exemple sur pied, la bonde est fixée indépendamment à la céramique

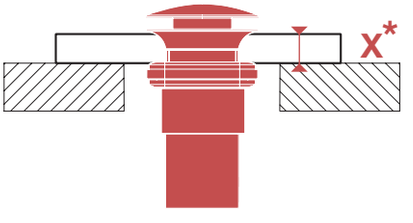

2

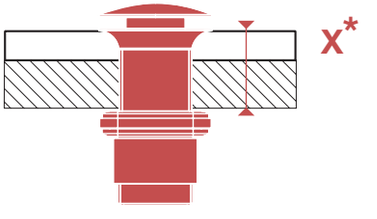

Sink on a countertop, the basin is fixed onto the countertop. The drain is attached to the ceramic, as in the previous case / Lavabo sur plan, le lavabo est fixé sur la surface indépendamment de la bonde. La bonde est fixée au lavabo comme dans le cas précédent

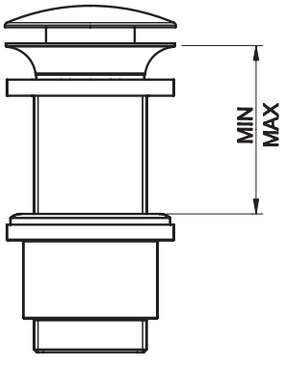

3

Sink on a countertop, the drain also functions as the attachment for the sink to the countertop / Lavabo sur plan, la bonde sert également à fixer le lavabo sur la surface d'installation

***** The value X must be between the MIN and MAX of the drain
***** La valeur X doit être comprise entre les valeurs MIN et MAX de bonde

GENERAL INFORMATION

TECHNISCHE VOORSCHRIFTEN:

1) om langdurige prestaties van het product te garanderen, raden we aan om haakse afsluiters met filter te installeren, die regelmatig moeten worden gereinigd;
2) u dient het product niet te installeren bij een waterdruk hoger dan 5 bar: bij hogere druk wordt het gebruik van een drukregelaar aanbevolen (gebruik in dat geval een goedgekeurde drukregelaar die voldoet aan de lokale vereisten);
3) voer testen uit die geschikt zijn voor de lokale vereisten met een maximale druk van 12 bar;
4) de watertemperatuur mag niet hoger zijn dan 70°C;
5) spoel de leidingen door voordat u de kraan installeert; voordat u het product installeert, moet u zich ervan verzekeren dat de inlaatwaterleidingen zijn gereinigd volgens de geldende plaatselijke voorschriften.
6) volg voor de installatie de montage-instructies die bij het product zijn meegeleverd;
7) sluit de aarding van een elektrische installatie niet aan op een flexibele slang of op een andere waterleiding;
8) schakel de installatie uit bij langdurige afwezigheid van meer dan vierentwintig uur.

Het bedrijf heeft het recht om de garantie te laten vervallen wanneer de bovengenoemde voorwaarden niet worden nageleefd, na controle van een technicus van GESSI S.p.A. Het bedrijf GESSI S.p.A. kan alleen wijzigingen aan deze garantie aanbrengen door middel van een schriftelijke verklaring. Bovendien is de garantie niet geldig in het geval van ontbrekende documentatie die de aankoopdatum bewijst. Eventuele beschadigingen en/of defecten van het product worden alleen onder garantie vervangen als het betreffende onderdeel in de originele verpakking inclusief het aankoopbewijs naar GESSI S.p.A. wordt verzonden. De garantie is geldig in alle landen, met uitzondering van de VS en Canada, waar het product is geleverd door GESSI S.p.A. of een erkende distributeur. De kosten voor de montage en demontage van het product, de reiskosten en de technische interventies van het gespecialiseerde personeel, evenals de kosten die de klant ondergaat als gevolg van de onbruikbaarheid en/of buitenwerkingstelling van het product zijn in ieder geval uitgesloten van de garantie. Eventuele onvolkomenheden in de afwerking en de grondstoffen zijn geen gebreken, maar kenmerken van het product vanwege de handmatige productie.

ONDERHOUD: GESSI S.p.A. REINIGINGSINSTRUCTIES VAN HET PRODUCT

De producten van GESSI S.p.A. worden vervaardigd in verschillende materialen om aan alle markt-, ontwerp- en functionaliteitsbehoeften te voldoen.
De oppervlakken van de producten die worden vervaardigd door GESSI S.p.A., voor zowel binnen- als buitenomgevingen, worden verkregen met behulp van de beste materialen en goedgekeurde productieprocessen en ze worden voortdurend verbeterd door geavanceerde kwaliteitscertificeringsmethoden.
De weerstand en duurzaamheid van alle bovengenoemde materiaalsoorten zijn sterk afhankelijk van het juiste gebruik, een goed onderhoud en het gebruik van geschikte reinigingsmiddelen en producten die de oorspronkelijke eigenschappen behouden.
Het verschijnen van roestvlekken of kalkaanslag zijn dus duidelijke indicaties van een onjuiste of onvoldoende reiniging en niet het gevolg van defecten en/of slechte kwaliteit van de gebruikte materialen.

Houd daarom rekening met het volgende om uw Gessi-product optimaal te benutten en zijn esthetische kwaliteit te behouden:

- De verontreinigende stoffen in regenwater of de kalkaanslag in leidingwater blijven aanwezig op het oppervlak van het product in de vorm van vlekken nadat het water is verdampt.U kunt deze afzettingen voorkomen en uw product schoonhouden door het altijd af te drogen met een zachte doek.
- REINIGINGSMIDDELEN, OPLOSMIDDELEN, CHEMISCHE MIDDELEN, SCHUURSPONSEN, DRAADWOL, ALCOHOL, PRODUCTEN DIE CHLOOR EN DERIVATEN DAARVAN BEVATTEN, ENZ. MOGEN NIET WORDEN GEBRUIKT omdat deze de productoppervlakken onherstelbaar kunnen beschadigen, waardoor hun buitenkant, glans en satijnen afwerking worden beschadigd. REINIG HET PRODUCT REGELMATIG MET ALLEEN WATER EN EEN NEUTRALE ZEEP EN WRIJF HET DROOG MET EEN ZACHTE WEGWERPDOEK.
- Reinig regelmatig de stroomopwaartse filters van het product, naast de hierboven genoemde filters, door deze te demonteren en de kalkaanslag die de uitlaten verstopt te verwijderen. Reinig de verdeelpunten ook regelmatig, bijvoorbeeld door lichtjes over de sproeiers te wrijven om deze te ontkalken en de verdeler schoon te houden.
- Indien u zeep in sprayvorm gebruikt, spuit deze dan op een schone doek of spons, NOOIT rechtstreeks op het product.

PRESCRIPTIONS TECHNIQUES :

1) afin de garantir une performance durable du produit, nous recommandons d'installer des vannes d'angle avec filtre, qui doivent être nettoyées régulièrement ;
2) il ne faut pas installer le produit en présence d'une pression d'eau supérieure à 5 bars : en cas de pression plus élevée, il est recommandé d'utiliser un détendeur (dans le cas, utiliser un détendeur démontrable conforme aux exigences locales) ;
3) Essais adaptés aux exigences locales avec une pression maximale de 12 bar ;
4) la température de l'eau ne doit pas être supérieure à 70°C ;
5) effectuer le rinçage des tuyaux avant d'installer le robinet ; avant d'installer le produit, avoir la preuve que les tuyaux d'eau d'entrée sont nettoyés conformément à la réglementation locale en vigueur.
6) en ce qui concerne l'installation, suivre les instructions de montage jointes au produit ;
7) ne pas raccorder la mise à la terre d'une installation électrique à un tuyau flexible ou à une autre conduite d'eau ;
8) fermer l'installation en cas d'absence prolongée de plus de vingt-quatre heures.

La société a le droit d'invalider la garantie lorsque les conditions susmentionnées ne seront pas respectées, vérifiées par un technicien de GESSI S.p.A.

La société GESSI S.p.A. ne peut émettre que des modifications à cette garantie par le biais d'une déclaration écrite en bonne et due forme.En outre, la garantie ne sera pas valable en cas de documentation manquante qui prouve la date d'achat.
Les éventuels défauts du produit seront remplacés sous garantie uniquement si l'article concerné de la réclamation est renvoyé à GESSI S.p.A. dans l'emballage d'origine, y compris la preuve d'achat. La garantie est valable dans tous les pays, à l'exclusion des États-Unis et du Canada, où le produit a été fourni par GESSI S.p.A. ou par son distributeur agréé. Les frais de montage et de démontage du produit, les déplacements et les interventions techniques du personnel qualifié, ainsi que la charge supportée par le client du fait de l'indisposition de la suspension de l'utilisation du produit sont en tout état de cause exclus de la garantie. Les imperfections possibles à la finition et aux matières premières, ne sont pas des défauts, mais des caractéristiques du produit en raison de la production artisanale.

ENTRETIEN : INSTRUCTIONS DE NETTOYAGE DU PRODUIT GESSI S.p.A.

Les produits GESSI S.p.A. sont fabriqués dans différents matériaux pour répondre à tous les besoins du marché, de conception et de fonctionnalités. Les surfaces des produits fabriqués par GESSI S.p.A., pour les environnements intérieurs et extérieurs, sont obtenues en utilisant les meilleurs matériaux et procédés de production approuvés et elles sont constamment améliorées par des méthodes de certification de qualité à la pointe. La résistance et la durabilité de tous les types de matériaux mentionnés ci-dessus sont étroitement liées à une utilisation correcte, à un bon entretien et à l'utilisation de matériaux et de produits de nettoyage appropriés qui préservent les caractéristiques d'origine.
Par conséquent, l'apparition de taches de rouille ou de dépôts calcaires est une indication claire d'un mauvais nettoyage ou d'un manque de nettoyage et non le résultat de défauts et/ou d'une mauvaise qualité des matériaux utilisés.

Par conséquent, afin d'apprécier pleinement votre produit Gessi et de préserver sa qualité esthétique, prendre en compte ce qui suit :

- Les polluants présents dans l'eau de pluie ou le calcaire de l'eau de distribution restent sous forme de taches à la surface du produit une fois que l'eau s'est évaporée. Il est possible d'empêcher la formation de dépôts et de garder votre produit propre en le séchant toujours avec un chiffon doux.
- LES DÉTERGENTS, SOLVANTS, AGENTS CHIMIQUES, ÉPONGES ABRASIVES, LAINE MÉTALLIQUE, ALCOOL, PRODUITS CONTENANT DU CHLORE ET SES DÉRIVÉS, ETC. NE DOIVENT PAS ÊTRE UTILISÉS car cela pourrait endommager irrémédiablement les surfaces du produit, compromettant ainsi leurs qualités esthétiques, leur luminosité et leur finition satinée. NETTOYER RÉGULIÈREMENT LE PRODUIT AVEC UNIQUEMENT DE L'EAU ET UN SAVON NEUTRE, L'ESSUYER AVEC UN CHIFFON DOUX JETABLE.
- Nettoyer régulièrement les filtres en amont du produit, en plus de ceux mentionnés ci-dessus, après les avoir démontés et enlevé le calcaire obstruant les sorties. Nettoyer également régulièrement les points de distribution, par exemple en frottant légèrement les buses de distribution afin de les libérer de tout calcaire et de garder le diffuseur propre.
- Lors de l'utilisation d'un savon en spray, le pulvériser sur un chiffon ou une éponge propre, JAMAIS directement sur le produit.

GESSI®

TECHNICAL PRESCRIPTIONS:

1) in order to guarantee a long-lasting performance of the product we recommend to install angle valves with filter, which must be regularly cleaned;
2) you should not install the product in presence of water pressure higher than 5 bar: in case of higher pressure, it is recommended to use a pressure reducer (In the case, use a demonstrable pressure reducer that complies with local requirements);
3) Testing suitable for local requirements with a maximum pressure of 12 bar;
4) water temperature should not be higher than 70°C;
5) carry out the rinsing of the pipes before installing the tap; before installing the product, have proof that the inlet water pipes are cleaned according to local regulations in force.
6) regarding the installation follow the assembly instructions enclosed with the product;
7) do not connect the earthing of an electric installation to a flexible hose or to another water pipeline;
8) close the plant in case of an extended absence of more than twenty-four hours.

The company has the right to invalidate the warranty when the above mentioned conditions will not be obeyed, checked by a technician of GESSI S.p.A.

The company GESSI S.p.A. can issue only any modifications at this warranty through a proper written declaration. Furthermore, the warranty will not be valid in case of missing documentation which proves the date of purchase.

Possible product damages a/o defects will be replaced under warranty only if the related item of complaint is send back to GESSI S.p.A. in the original packaging including the proof of purchase. The warranty is valid in all the countries, excluded USA and Canada, where the product has been supplied by GESSI S.p.A. or by its authorized distributor. The costs for the assembling and the disassembling of the product, the travelling and the technical interventions by the skilled staff, as well as the burden undergone by the customer due to the indisposition a/o the suspension of the product use are in any case excluded from the warranty. Possible imperfections at the finishing and at the raw materials, are not defects, but features of the product due to the handmade production.

MAINTENANCE: GESSI S.p.A. PRODUCT CLEANING INSTRUCTIONS

GESSI S.p.A. products are manufactured in different materials to suit all market, design and functionality needs. The surfaces of the products manufactured by GESSI S.p.A., for both indoor and outdoor environments, are obtained using the best materials and approved production processes and they are constantly enhanced by advanced quality certification methods.
The resistance and durability of all the types of material mentioned above are closely linked to proper use, good maintenance and the use of suitable cleaning materials and products that preserve the original characteristics. Therefore, the appearance of spots of rust or limescale deposits are clear indications of incorrect or lack of cleaning and not the result of defects and/or poor quality of the materials used.

Therefore, in order to fully appreciate your Gessi product and preserve its aesthetic quality, consider the following:

- The pollutants found in rainwater or the limescale in mains water remain in the form of stains on the surface of the product once the water has evaporated. It is possible to prevent the formation of deposits and keep your product clean by always drying it with a soft cloth.
- DETERGENTS, SOLVENTS, CHEMICAL AGENTS, ABRASIVE SPONGES, WIRE WOOL, ALCOHOL, PRODUCTS CONTAINING CHLORINE AND ITS DERIVATIVES, ETC. MUST NOT BE USED as these may irreparably damage the product surfaces, thus compromising their aesthetic qualities, brightness and satin finish. REGULARLY CLEAN THE PRODUCT WITH ONLY WATER AND A NEUTRAL SOAP, WIPING IT DRY WITH A SOFT DISPOSABLE CLOTH.
- Regularly clean the filters upstream of the product, in addition to those mentioned above, after having disassembled them and removed the limescale obstructing the outlets. Regularly clean the distribution points too, for example by slightly rubbing the distribution nozzles so as to free them of any limescale and keep the diffuser clean.
- When using spray-on soap, spray it onto a clean cloth or sponge, NEVER directly on the product.

In case of limescale stains, apply a solution of vinegar and water, then rinse and accurately dry with a cloth	Reinig zeer voorzichtig / Effectuer le nettoyage très doucement / Perform the cleaning very softly

(*) **MULTIFOAM:** voor het verwijderen van vet en vingerafdrukken. Spuit op een doek, veeg het oppervlak af en droog zorgvuldig
ETHYLALCOHOL: geschikt voor het verwijderen van vetresten of hardnekkig vuil.
Maak de doek nat met een kleine hoeveelheid alcohol, veeg het oppervlak af en droog zorgvuldig
ISOPROPYLALCOHOL: geschikt voor het verwijderen van vetresten.
Doe een beetje product op een doek, veeg het oppervlak af en droog zorgvuldig.
UNIPOL (WAARSCHUWING: DEZE SCHUURPASTA KAN KRASSEN OP DE AFWERKING VEROORZAKEN): gebruik om chroomvlekken te verwijderen en stalen oppervlakken te polijsten. Doe het op een doek, veeg het oppervlak af, veeg het vervolgens af met een doek gedrenkt in een specifieke glasreiniger en droog zorgvuldig.

(**) **WITTE SPONS:** Geschikt voor het reinigen van licht hardnekkig vuil. Veeg de spons over het oppervlak.
LET OP: VOORZICHTIG REINIGEN
MICROVEZELDOEK: Geschikt voor het verwijderen van stof. **LET OP: CONTROLEER VOOR HET VEGEN OF ER GEEN RESTEN ZIJN DIE HET OPPERVLAK KUNNEN KRASSEN.**
PAPIEREN DOEK: Geschikt voor het verwijderen van stof. Het kan ook worden bespoten met reinigingsmiddelen (spuit dergelijke producten NIET rechtstreeks op het oppervlak). **LET OP: CONTROLEER VOOR HET VEGEN OF ER GEEN RESTEN ZIJN DIE HET OPPERVLAK KUNNEN KRASSEN.**

(***) DROOG ELK OPPERVLAK ONMIDDELLIJK NA HET REINIGEN MET WATER OM HET VERSCHIJNEN VAN KALKVLEKKEN TE VOORKOMEN. HET GEBRUIK VAN GEDEIONISEERD WATER ZAL DE VORMING VAN DERGELIJKE VLEKKEN VOORKOMEN. REINIG DE OPPERVLAKKEN REGELMATIG OM OVERMATIG VUIL OF VINGERAFDRUKKEN TE VOORKOMEN EN OM DE REINIGINGSWERKZAAMHEDEN, KOSTEN EN HET RISICO VAN KRASSEN/BESCHADIGINGEN VAN DE AFWERKING TE MINIMALISEREN.

(****) INSTRUCTIES VOOR HET REINIGEN VAN ROESTVRIJSTALEN OPPERVLAKKEN:
Geborsteld roestvrij staal kan in het begin van de installatie vingerafdrukken vertonen, maar deze worden minder zichtbaar na de eerste paar reinigingen. De meest effectieve producten voor het verwijderen van vingerafdrukken of andere soorten vlekken zijn water met zeep of een mild reinigingsmiddel. Roestvrij staal met een spiegelende afwerking kan worden gereinigd met specifieke producten die worden gebruikt voor het reinigen van glas: het belangrijkste is dat ze geen chloriden bevatten.
Gebruik geen schurende producten omdat deze onherstelbare krassen kunnen achterlaten op roestvrijstalen oppervlakken. Als alternatief kan, om verontreinigingen te verwijderen, een specifiek reinigingsproduct voor roestvrij staal worden gebruikt dat fosforzuur bevat, waarna u zorgvuldig spoelt met schoon water en het oppervlak afdroogt.
Het wordt aangeraden om het gehele roestvrijstalen oppervlak te behandelen om vlekken te voorkomen.
Resten van mortel en cement kunnen worden behandeld met een oplossing die een kleine hoeveelheid fosforzuur bevat.
Spoel af met water (bij voorkeur gedeïoniseerd water om het risico op vlekken te verminderen) en droog het oppervlak.
Gebruik nooit een product dat speciaal is ontworpen voor het verwijderen van mortel of verdund zoutzuur: als deze per ongeluk worden gebruikt of op roestvrij staal worden gemorst, spoel dan grondig af met schoon water.

GEBRUIK GEEN PRODUCTEN DIE CHLORIDE (MET NAME CHLOORZUUR), HYPOCHLOORZUUR OF PRODUCTEN DIE WORDEN GEBRUIKT OM ZILVER TE POETSEN, BEVATTEN. Als deze per ongeluk worden gemorst op een roestvrij stalen oppervlak, spoel dan grondig af. Gebruik een vochtige doek of suède leer om licht vuil of vingerafdrukken te verwijderen; voor hardnekkiger vuil worden nylon sponzen aanbevolen.

GEBRUIK GEEN SCHUURSPONSEN EN NIET-ROESTVRIJSTALEN SCHUURSPONSEN: naast krassen kunnen ze koolstofstalen afzettingen achterlaten die, in aanwezigheid van vocht, roestvlekken kunnen veroorzaken.
Op gepolijste afwerkingen met een unidirectionele oppervlaktetextuur, moet de reiniging worden uitgevoerd met bewegingen in de richting van de afwerking, niet hier dwars overheen.
Om verontreiniging door ijzerdeeltjes te voorkomen, moet ervoor gezorgd worden dat het gekozen reinigingsmateriaal niet eerder op koolstofstaal is gebruikt.
Materialen die voor het reinigen van roestvrijstalen accessoires worden toegepast moeten uitsluitend voor dit doel worden gebruikt.

RECOMMANDATIONS DE NETTOYAGE - FINITIONS
RICHTLIJNEN VOOR REINIGING - AFWERKINGEN
CLEANING GUIDELINES - FINISHES

(*) **NETTOYANT SPÉCIFIQUE POUR VITRES :** à utiliser en cas de peu de saleté. Vaporiser le produit sur une éponge ou un chiffon et essuyer la surface. Sécher soigneusement.
MULTI-MOUSSE : à utiliser pour enlever la graisse et les empreintes digitales. Vaporiser sur un chiffon, essuyer la surface et bien sécher
ALCOOL ÉTHYLIQUE : convient pour éliminer les résidus de graisse ou les saletés persistantes. En mettre un peu sur un chiffon, essuyer la surface, puis l'essuyer avec un chiffon imbibé de nettoyant pour verre spécifique et le sécher correctement
ALCOOL ISOPROPYLIQUE : indiqué pour éliminer les résidus de graisse. Mettre un peu de produit sur un chiffon, essuyer la surface et sécher très soigneusement. UNIPOL (ATTENTION : CETTE PÂTE ABRASIVE PEUT RAYER LA FINITION) : à utiliser pour éliminer les taches de chrome et polir les surfaces en acier. Mouiller le chiffon avec un peu d'eau, essuyer la surface et sécher avec soin.

(**) **ÉPONGE BLANCHE :** Convient pour nettoyer la saleté légèrement persistante. Passer l'éponge sur la surface. ATTENTION : NETTOYER EN DOUCEUR
CHIFFON MICROFIBRE : Convient pour enlever la poussière. ATTENTION : AVANT D'ESSUYER, VÉRIFIER QU'IL N'Y A PAS DE RÉSIDUS QUI POURRAIENT RAYER LA SURFACE.
PAPIER TISSUS : Convient pour enlever la poussière. Il peut également être pulvérisé avec des produits de nettoyage (NE PAS pulvériser de tels produits directement sur la surface). ATTENTION : AVANT D'ESSUYER, VÉRIFIER QU'IL N'Y A PAS DE RÉSIDUS QUI POURRAIENT RAYER LA SURFACE.

(***) APRÈS LE NETTOYAGE À L'EAU, **SÉCHER IMMÉDIATEMENT CHAQUE SURFACE** POUR ÉVITER L'APPARITION DE TACHES DE CALCAIRE. L'UTILISATION D'EAU DÉSIONISÉE EMPÊCHERA LA FORMATION DE TELLES TACHES. NETTOYER FRÉQUEMMENT LES SURFACES POUR ÉVITER LES SALETÉS EXCESSIVES OU LES EMPREINTES DE DOIGT ET POUR MINIMISER LES EFFORTS DE NETTOYAGE, LE COÛT ET LE RISQUE DE RAYER/ALTÉRER LA FINITION.

(****) **INSTRUCTIONS POUR LE NETTOYAGE DES SURFACES EN ACIER INOXYDABLE :**
L'acier inoxydable brossé peut faire apparaitre des traces de doigts au début de l'installation, mais celles-ci deviendront moins visibles après les premiers nettoyages. Les produits les plus efficaces pour enlever les empreintes de doigts ou d'autres types de taches sont l'eau avec du savon ou un détergent doux. L'acier inoxydable avec une finition de miroir peut être nettoyé avec des produits spécifiques habituellement utilisés pour le nettoyage du verre : très important, ils ne doivent pas contenir de chlorures.
Ne pas utiliser de produits abrasifs car ils peuvent laisser des rayures irréparables sur les surfaces en acier inoxydable. Alternativement, pour éliminer la contamination, un produit de nettoyage spécifique en acier inoxydable contenant de l'acide phosphorique peut être utilisé, en rinçant soigneusement à l'eau propre et en séchant.
Il est conseillé de traiter toute la surface en acier inoxydable pour éviter les taches. Des traces de mortier et de ciment peuvent être traitées avec une solution contenant une petite quantité d'acide phosphorique. Rincer à l'eau (de préférence de l'eau désionisée pour réduire le risque de laisser des taches) et sécher.
Ne jamais utiliser de produit spécialement conçus pour enlever du mortier ou de l'acide chlorhydrique dilué : si ces derniers sont accidentellement utilisés ou renversés sur de l'acier inoxydable, rincer abondamment à l'eau claire.

NE PAS UTILISER DES PRODUITS CONTENANT DU CHLORURE (EN PARTICULIER DE L'ACIDE CHLORHYDRIQUE), DE L'ACIDE HYPOCHLORIQUE, DE L'EAU DE JAVEL OU DES PRODUITS UTILISÉS POUR NETTOYER L'ARGENT.
En cas de déversement accidentel sur une surface en acier inoxydable, rincer abondamment.
Pour enlever les saletés légères ou les empreintes de doigt, utiliser un chiffon humide ou de la peau de chamois ; pour les saletés plus persistantes, des éponges en nylon sont recommandées.

NE PAS UTILISER DE TAMPONS DE LAINE ABRASIFS ET DE TAMPONS DE LAINE NON-INOX : en plus des rayures, ils peuvent laisser des dépôts d'acier au carbone qui, en présence d'humidité, pourraient entraîner des taches de rouille.
Sur les finitions polies avec une texture de surface unidirectionnelle, le nettoyage doit être effectué avec des mouvements qui suivent la direction de la finition, pas en travers.
Pour éviter toute contamination par des particules de fer, il est nécessaire de s'assurer que les outils de nettoyage choisis n'ont pas été préalablement utilisés sur l'acier au carbone.
En effet, les matériaux de nettoyage des pièces en acier inoxydable doivent être réservés exclusivement à cet effet.

(*) **SPECIFIC GLASS CLEANER**: use on low dirt. Spray the product on a sponge or cloth and wipe the surface. Dry accurately.
MULTIFOAM: use to remove grease and fingerprints. Spray on a cloth, wipe the surface and dry thoroughly
ETHYL ALCOHOL: suitable for removing grease residues or persistent dirt. Wet the cloth with a little amount of it, wipe the surface and dry accurately
ISOPROPYL ALCOHOL: indicated for removing grease residues. Put a little product on a cloth, wipe the surface and dry very well.
UNIPOL (WARNING: THIS ABRASIVE PASTE MAY SCRATCH THE FINISH): use to remove chrome stains, and polish steel surfaces. Put it on a cloth, wipe the surface, then wipe with a cloth soaked with specific glass cleaner and dry properly.

(**) **WHITE SPONGE:** Suitable for cleaning lightly persistent dirt. Wipe the sponge over the surface. CAUTION: CLAN SOFTLY
MICROFIBRE CLOTH: Suitable for removing dust. CAUTION: BEFORE WIPING, CHECK THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.
PAPER CLOTH: Suitable for removing dust. It can also be sprayed with cleaning products (do NOT spray such products directly on the surface). CAUTION: BEFORE WIPING, CHECK THAT THERE ARE NO RESIDUES THAT COULD SCRATCH THE SURFACE.

(***) AFTER CLEANING WITH WATER, **DRY EACH SURFACE IMMEDIATELY** TO PREVENT THE APPEARANCE OF LIMESCALE STAINS. THE USE OF DEIONIZED WATER WILL PREVENT THE FORMATION OF SUCH STAINS. CLEAN THE SURFACES FREQUENTLY TO AVOID EXCESSIVE DIRT OR FINGERPRINTS AND TO MINIMIZE THE CLEANING EFFORT, COST AND THE RISK OF SCORING/ALTERING THE FINISH.

(****) **INSTRUCTIONS FOR STAINLESS STEEL SURFACES CLEANING:**
Brushed stainless steel may show fingerprints in the early stages of installation, but these will become less noticeable after the first few cleanings. The most effective products for removing fingerprints or other types of stains are water with soap or a mild detergent.
Stainless steel with a mirror finish can be cleaned with specific products usuallv used for cleaning glass: most importantiv. thev must not contain chlorides. Do not use abrasive products as they can leave irreparable scratches on stainless steel surfaces. Alternatively, to remove contamination, a specific stainless steel cleaning product containing phosphoric acid may be used, carefully rinsing with clean water and drying. It is advisable to treat the entire stainless steel surface to avoid stains.
Traces of mortar and cement can be treated with a solution containing a small amount of phosphoric acid. Rinse with water (preferably deionized water to reduce the risk of leaving stains) and dry. Never use any type of product specifically designed for mortar removal or diluted hydrochloric acid: if these are accidentally used or spilled on stainless steel, rinse thoroughly with clean water.

DO NOT USE PRODUCTS CONTAINING CHLORIDE (ESPECIALLY CHLORIDRIC ACID), HYPOCHLORIC ACID CANDYGINS, OR PRODUCTS USED TO CLAN SILVER. If accidentally spilled on any stainless steel surface, rinse thoroughly.
To remove light dirt or fingerprints, use a damp cloth or suede leather; for more persistent dirt, nylon sponges are recommended.

DO NOT USE ABRASIVE WOOL PADS AND NON-INOX WOOL PADS: in addition to scratching, they can leave carbon steel deposits that, in the presence of humidity, could result in rust stains.
On polished finishes with a unidirectional surface texture, cleaning should be done with movements that follow the direction of the finish, not across it. To avoid contamination by iron particles, it is necessary to ensure that the cleaning tools chosen have not been previously used on carbon steel. In fact, materials for cleaning stainless steel workpieces must be reserved exclusively for this purpose.

ALGEMENE VERKOOPVOORWAARDEN - GESSI S.P.A.

1. Toepasselijkheid

1.1. Deze algemene verkoopvoorwaarden (de "Algemene Voorwaarden") vormen een contract tussen:

(i) "Gessi" betekent Gessi s.p.a. met statutaire zetel in Parco Gessi, 13037 gehucht Vintebbio, Serravalle Sesia (VC), fiscaal nummer en BTW-nummer 02235360027; en

(ii) de "Koper": de professionele wederverkoper die ermee instemt over te gaan tot de aankoop van de producten van Gessi nadat hij deze Algemene Voorwaarden heeft ontvangen.

(Gessi en de Koper worden gezamenlijk de "Partijen" genoemd).

1.2. Door akkoord te gaan met de aankoop van de producten van Gessi (de "Producten") na ontvangst van deze Algemene Voorwaarden, bijvoorbeeld door levering te accepteren of betaling te verrichten, aanvaardt de Koper deze Algemene Voorwaarden overeenkomstig Artikel 1327 van het Italiaanse Burgerlijk Wetboek. Na een dergelijke aanvaarding zijn deze Algemene Voorwaarden van toepassing op alle door de Koper geplaatste bestellingen (de "Bestellingen"). De door Gessi geaccepteerde Bestellingen worden beschouwd als bindende verkoopcontracten die niet eenzijdig door de Koper kunnen worden ontbonden. Dergelijke geaccepteerde Bestellingen en deze Algemene Voorwaarden vormen de volledige overeenkomst tussen de Partijen (de "Overeenkomst")..

1.3. Deze Algemene Voorwaarden hebben voorrang op alle andere bepalingen, verzoeken en/of voorwaarde met betrekking tot de inkooporder die door de Klant aan Gessi wordt gesteld, tenzij deze laatste daarmee uitdrukkelijk schriftelijk heeft ingestemd.

1.4. Op deze Algemene voorwaarden is de Italiaanse wet van toepassing.

1.5.. Gessi behoudt zich het recht voor de Algemene Voorwaarden van tijd tot tijd naar eigen goeddunken te wijzigen. Dergelijke wijzigingen worden van kracht vanaf het moment dat ze aan de Klant zijn meegedeeld of vanaf het moment dat ze op de website van Gessi zijn gepubliceerd. De beëindiging, nietigheid, onverbindendheid van een (of een deel van een) clausule(s) van de Overeenkomst zal op geen enkele wijze de beëindiging, nietigheid, onverbindendheid van de andere clausules of een deel van de clausules in de Overeenkomst tot gevolg hebben.

2. Prijzen en betaling

2.1. De in deze prijslijst (de "Prijslijst") vermelde prijzen zijn exclusief BTW en worden uitgedrukt in ___ [inserire la valuta indicata nel listino prezzi/G-Arch]. Gedurende de zakelijke relatie met de Koper kan Gessi deze op de hoogte stellen van prijswijzigingen. Gessi en de Koper kunnen specifieke kortingen overeenkomen voor de distributiediensten van de Koper.

2.2. Gessi behoudt zich het recht voor de Prijslijst te allen tijde en naar eigen goeddunken aan te passen, bijvoorbeeld door wijzigingen in de Producten aan te brengen en/of hetzelfde model van deze Prijslijst te verwijderen, zonder enige verplichting tot voorafgaande kennisgeving aan de Koper.

2.3. Betalingen worden opeisbaar op de vervaldatum vermeld in de desbetreffende factuur van Gessi en de verschuldigde bedragen mogen in geen geval door de Koper worden ingehouden. In het bijzonder zal een vertraging in de levering van de Producten of enig ander gedrag van Gessi dat naar de mening van de Koper een contractbreuk door Gessi vormt, de Koper niet verontschuldigen voor de vertraging in de betaling van de verschuldigde bedragen.

2.4. In geval van te late betaling van de door de Koper verschuldigde bedragen behoudt Gessi zich het recht voor om vertragingsrente toe te passen overeenkomstig Wetsdecreet nr. 231/2002, in elk geval binnen de wettelijke grenzen.

3. Eigendomsvoorbehoud

Gessi blijft eigenaar van de bestelde Producten totdat de Koper het volledige bedrag heeft betaald dat voor de Bestelling is overeengekomen en/of totdat betaling in termijnen heeft plaatsgevonden, uitsluitend indien deze betalingswijze uitdrukkelijk door Gessi is overeengekomen. Hiertoe verplicht de Koper zich om met Gessi samen te werken om haar eigendommen te beschermen. Het risico van verlies of beschadiging van de Producten gaat over op de Koper vanaf het moment dat de Producten aan de Koper zijn geleverd overeenkomstig artikel 4.1. van de Algemene Voorwaarden.

4. Verzending en levering van producten

4.1. Tenzij uitdrukkelijk anders overeengekomen tussen de Partijen, vindt levering van de Producten plaats EXW (Incoterms 2010) op het hoofdkantoor van Gessi in Italië.

4.2. Bij aflevering van de bestelde Producten controleert de Koper (i) of de ontvangen hoeveelheid Producten overeenkomt met de gekochte hoeveelheid, en (ii) of de verpakking van de Producten intact is. De Koper dient eventuele fouten en/of afwijkingen in de levering te melden op een speciaal leveringsrapport, in het bijzonder met vermelding van eventuele fouten in de hoeveelheid en/of soort geleverde Producten en/of eventuele schade aan de verpakking. Dit rapport moet schriftelijk worden bevestigd door degene die de levering aan de Koper heeft gedaan door het aanbrengen van zijn handtekening en moet naar Gessi worden gestuurd.

4.3. Tenzij door Partijen uitdrukkelijk anders is overeengekomen, dient de Koper tevens binnen 14 kalenderdagen na levering (i) te controleren of de Producten in goede staat zijn afgeleverd; (ii) de aanwezigheid van eventuele gebreken in de Producten te documenteren door middel van bijvoorbeeld foto's en/of video's waarop deze gebreken duidelijk zichtbaar zijn; en (iii) de aanwezigheid van deze gebreken aan Gessi te melden per e-mail naar het e-mailadres van zijn commerciële contactpersoon (waarvan de ontvangst van de communicatie door Gessi wordt bevestigd) of per fax of aangetekende brief met ontvangstbevestiging. De melding van de Koper dient een gedetailleerde en gedocumenteerde beschrijving van deze gebreken te bevatten. De Koper dient de Producten aan Gessi ter beschikking te stellen om Gessi in staat te stellen alle noodzakelijke controles uit te voeren of dient de Producten naar Gessi te sturen voor de juiste technische controles, indien Gessi dit noodzakelijk acht. Verzendkosten komen alleen voor rekening van Gessi indien de claims van de Koper door Gessi gerechtvaardigd worden geacht.

4.4. In het geval dat de Koper geen bezwaar maakt tegen de bestelde Producten en/of tegen de levering binnen de voorwaarden en op de wijze zoals uiteengezet in artikel 4.2. en 4.3., worden de Producten geacht te zijn geleverd in de overeengekomen hoeveelheid en kwaliteit, alsmede in goede staat, met uitzondering van zichtbare gebreken, en kan de Koper geen claim indienen met betrekking tot de hoeveelheid en kwaliteit van de geleverde Producten en/of de staat van de Producten, tenzij anders bepaald in toepasselijk wetgeving. De voorgaande bepalingen zijn niet van invloed op de garantieverplichtingen van Gessi. Tussen Partijen wordt overeengekomen dat noch de Algemene Voorwaarden noch de garanties van Gessi van invloed zijn op eventuele verplichte garanties die door de toepasselijke wetgeving worden geboden.

5. Bestemming van de Producten

5.1. De Partijen komen overeen dat indien de verkoop van de Producten in het land dat door de Koper is aangegeven als het land van bestemming van de Producten en/of in het land waar de Koper is gevestigd onderworpen is (of Gessi zich ervan bewust wordt dat dit het geval is) aan beperkingen of in strijd zou zijn met toepasselijke regelgeving (de "Beperkingen"), tenzij de Beperkingen worden opgeheven, de betreffende Bestellingen door Gessi zullen worden geannuleerd conform art. 1456 c.c, zonder de mogelijkheid om het land van bestemming van de Producten te wijzigen en kan Gessi, naar eigen goeddunken, (i) de betaling die ze voor de geannuleerde Bestellingen heeft ontvangen aan de Klant terugbetalen; en/of (ii) de Klant een krediet verlenen voor de Producten die niet onder de Beperkingen vallen, afhankelijk van de beschikbaarheid.In geen geval heeft de Koper het recht om van Gessi te eisen dat de Producten worden geleverd in landen waarvoor Beperkingen gelden en/of die kunnen worden gebruikt om de Beperkingen te omzeilen, aangezien Gessi een fabrikant is die zich inzet voor de nauwgezette naleving van alle toepasselijke wetten, met inbegrip van de wetgeving inzake Beperkingen. In geval van schending van artikel 12 octies van Verordening (EU) nr. 833/2014 kan Gessi, naast het recht om de Bestellingen te annuleren, zich terugtrekken uit de Overeenkomst en heeft Gessi het recht om terugbetaling te eisen van de kosten die zijn gemaakt in verband met de Overeenkomst die tot de schending heeft geleid, evenals schadevergoeding. In elk geval verbindt Gessi zich ertoe de bevoegde autoriteiten op de hoogte te brengen in geval van een inbreuk op het verbod van dit artikel.
5.2. De Koper erkent dat de Goederen bestemd kunnen zijn voor bepaalde gebieden waar de lokale wetgeving voorziet in andere vereisten dan in andere gebieden en/of waar de sanitaire structuur verschilt van die van andere landen. De Koper zal te allen tijde de Producten doorverkopen binnen de gebieden waarvoor de Producten bestemd zijn om ervoor te zorgen dat deze voldoen aan de lokale wetgeving, met inachtneming van alle wetten (inclusief EU-wetten) die beperkingen op wederverkoopgebieden verbieden.

6. Gessi-garanties

6.1. Gessi garandeert dat de Producten voldoen aan de door de wet vereiste technische specificaties, met inachtneming van in de markt gebruikelijke redelijke toleranties, en dat de Producten op het moment van levering vrij zijn van gebreken en/of fouten ten aanzien van de gebruikte materialen en de verrichte werkzaamheden.
6.2. Gessi garandeert niet dat de Producten overal ter wereld compatibel zijn met de plaatselijke wetgeving en apparatuur. Om deze reden is de garantie alleen en uisluitend geldig in alle landen waarvoor het aan de Koper verkochte Product bestemd is, echter met inachtneming van de bepalingen van de toepasselijke wetgeving.

7. Intellectuele eigendomsrechten

7.1. De Koper erkent dat alle auteursrechten, industriële ontwerpen, octrooien, handelsmerken, dienstmerken, logo's, handelsnamen, domeinnamen en/of slogans, al dan niet gedeponeerd en alle andere intellectuele eigendomsrechten onder verschillende jurisdicties (de "Intellectuele Eigendomsrechten") die eigendom zijn van of anderszins beschikbaar zijn voor Gessi en/of haar dochterondernemingen of gelieerde ondernemingen, eigendom zijn van of in licentie zijn gegeven aan Gessi en/of haar dochterondernemingen of gelieerde ondernemingen, waardoor zij het exclusieve recht hebben om dergelijke Intellectuele Eigendomsrechten te gebruiken en er voordeel uit te halen, en de Koper verwerft geen Intellectuele Eigendomsrechten door ondertekening van deze Algemene Voorwaarden.
7.2. Gedurende de zakelijke relatie tussen de Partijen en na beëindiging daarvan, zal de Koper de Producten of enig ander product dat vergelijkbaar is met of imiteert van de Producten niet vervaardigen en in geen geval inbreuk maken op de Intellectuele Eigendomsrechten onder welke omstandigheden dan ook en/of handelen op een wijze die afbreuk kan doen aan de goodwill van Gessi.
7.3. Het is de Koper niet toegestaan om zonder de uitdrukkelijke schriftelijke toestemming van Gessi briefhoofden, visitekaartjes, insignes (ook in e-mailcorrespondentie met klanten of derden) of andere uitingen te gebruiken in de naam van Gessi of een van haar dochterondernemingen of gelieerde ondernemingen, of zich voor te doen als Gessi of als onderdeel van de Groep waartoe Gessi behoort of als een van haar dochterondernemingen of gelieerde ondernemingen.
7.4. De Koper zal de Producten uitsluitend op de markt brengen, distribueren en verkopen onder de handelsmerken, logo's, handelsnamen en andere onderscheidende tekens van Gessi (de "Handelsmerken") en niet onder andere Handelsmerken. Het is de Koper niet toegestaan Handelsmerken van Gessi van de Producten en/of hun verpakking te verwijderen zonder schriftelijke toestemming van Gessi. Verwijdering, wijziging en/of aanpassing van Gessi's Handelsmerken of technische gegevens of labels die bij de Producten zijn geleverd of anderszins door Gessi zijn verstrekt, zal worden beschouwd als een schending van Gessi's Intellectuele Eigendomsrechten.
7.5. Tussen de Partijen wordt overeengekomen dat Gessi de Koper geen licentie verleent voor het gebruik van de Handelsmerken van Gessi of andere door Gessi aan de Koper geleverde materialen, behalve voor de promotie van de Producten en strikt in overeenstemming met de instructies van Gessi.
7.6. De Koper zal de Handelsmerken en Producten van Gessi niet wijzigen zonder voorafgaande schriftelijke toestemming van Gessi. De Koper erkent dat indien gedurende de looptijd van de Overeenkomst wijzigingen in de Producten, ontwerpen, handelsmerken, promotiematerialen en/of andere Intellectuele Eigendomsrechten van Gessi noodzakelijk zijn, Gessi de exclusieve eigenaar blijft van al deze gewijzigde Intellectuele Eigendomsrechten.

7.7. De Koper zal geen pogingen ondernemen om Intellectuele Eigendomsrechten van Gessi te registreren. Bovendien zal de Koper niet proberen handelsmerken of ontwerpen te registreren of zelfs maar te gebruiken die verwarrend veel lijken op de Intellectuele Eigendomsrechten van Gessi (zelfs als deze niet zijn geregistreerd).

7.8. De Koper zal zodanig zaken doen dat zijn handelingen de producten en reputatie van Gessi altijd gunstig weerspiegelen.

7.9. Het is de Koper verboden de Intellectuele Eigendomsrechten van Gessi op andere wijze commercieel te gebruiken dan strikt is toegestaan op grond van de Overeenkomst.

7.10. De Koper zal Gessi onmiddellijk op de hoogte stellen van enige daadwerkelijke of potentiële inbreuk op de Intellectuele Eigendomsrechten van Gessi en zal met Gessi samenwerken om dergelijke Intellectuele Eigendomsrechten te beschermen door de richtlijnen van Gessi strikt op te volgen.

7.11. Gessi kan vormen van selectieve distributie vaststellen die vooraf tussen de partijen worden overeengekomen.

8. Gedragscode en beleid

De Koper verplicht zich tot naleving van de gedragscode van Gessi en alle beleidsregels van Gessi die op de Koper van toepassing zijn en die te vinden zijn op de officiële website van Gessi https://www.gessi.com/.

9. Vertrouwelijkheid

De Koper erkent en aanvaardt dat, gedurende de looptijd van de contractuele relatie met Gessi en na beëindiging daarvan, alle vertrouwelijke commerciële documentatie en informatie, in welke vorm of op welk medium dan ook, die door Gessi bekend is gemaakt of anderszins aan de Koper bekend is geworden, hetzij mondeling hetzij schriftelijk, als gevolg van of via de zakelijke relatie met Gessi en die niet algemeen bekend is bij het publiek, zoals, maar niet beperkt tot, informatie met betrekking tot Producten financiën, processen, diensten, klanten, inkoop, testresultaten, technologie, boekhouding, productie, distributie en marketing (de "Informatie") blijft het exclusieve eigendom van Gessi, wordt door de Koper strikt vertrouwelijk gehouden en mag door de Koper op geen enkele wijze worden gepubliceerd, openbaar gemaakt, verspreid of gebruikt, tenzij uitdrukkelijk toegestaan in deze Algemene Voorwaarden. De Koper mag de Informatie niet geheel of gedeeltelijk reproduceren en kopiëren en zal deze na afloop of beëindiging van de Overeenkomst retourneren of vernietigen. De Koper moet deze informatie beschermen en ervoor zorgen dat alleen werknemers, functionarissen en bestuurders die toegang moeten hebben tot de informatie om hun verplichtingen uit hoofde van de Overeenkomst te kunnen nakomen, toegang hebben tot de informatie en dat deze werknemers, functionarissen en bestuurders zich houden aan de geheimhoudings- en niet-gebruik verplichtingen zoals uiteengezet in de Algemene Voorwaarden. U dient zich tevens te houden aan de gedragscodes en beleidsregels van Gessi.

CONDITIONS GÉNÉRALES DE VENTE

1. Applicabilité

1.1.Les présentes conditions générales de vente (les « conditions générales ») constituent un contrat entre :

(i) « Gessi » : Gessi s.p.a., dont le siège social est situé à Parco Gessi, 13037 localité Vintebbio, Serravalle Sesia (VC), code fiscal et numéro de TVA : 02235360027 ; et

(ii) L « "Acheteur » : qui désigne le revendeur professionnel qui accepte de procéder à l'achat des produits de Gessi après avoir reçu les présentes Conditions générales.(Gessi et l'acheteur sont collectivement désignés comme les « Parties »).

1.2.En acceptant de procéder à l'achat des produits de Gessi (les ‘’Produits’‘ après avoir reçu les présentes Conditions générales, par exemple en acceptant la livraison ou en effectuant le paiement, l'Acheteur accepte les présentes Conditions générales conformément à l'article 1327 du Code civil italien. Suite à cette acceptation, les présentes Conditions générales régiront toutes les Commandes passées par l'Acheteur (les ‘’Commandes’’). Les Commandes acceptées par Gessi seront considérées comme des contrats de vente contraignants qui ne pourront pas être résiliés unilatéralement par l'Acheteur. Les Commandes acceptées et les présentes Conditions générales constituent l'intégralité de l'Accord entre les parties (l’‘’Accord’’).

1.3. Les présentes Conditions générales prévalent sur toute autre disposition, requête et/ou condition relative à la commande passée par le client à Gessi, à moins que cette dernière ne l'ait expressément approuvée par écrit.

1.4. Les présentes Conditions générales sont régies par le droit italien.

1.5. Gessi se réserve le droit, à sa seule discrétion, de modifier régulièrement les Conditions générales. Ces modifications prendront effet à partir du moment où elles seront communiquées au Client ou à partir de leur publication sur le site Internet de Gessi. La résiliation, la nullité ou l'inefficacité d'une (ou d'une partie d'une) clause(s) de l’Accord n'entraîne en aucun cas la résiliation, la nullité ou l'inefficacité des autres clauses ou parties de clauses de l’Accord.

2. Prix et paiement

2.1.Les prix indiqués dans la présente liste tarifaire (la « Liste tarifaire ») s'entendent hors TVA et sont exprimés en EUR. Dans le cadre de la relation commerciale avec l'Acheteur, Gessi peut notifier à ce dernier des modifications de prix. Gessi et l'Acheteur peuvent convenir de remises spécifiques pour les services de distribution de l'Acheteur.

2.2.Gessi se réserve le droit de modifier la liste tarifaire, par exemple en modifiant les Produits présents et/ou en retirant un modèle de cette liste tarifaire, à tout moment et à sa seule discrétion, sans obligation de notification préalable à l'Acheteur.

2.3.Les paiements sont dus à la date d'échéance indiquée sur la facture correspondante émise par Gessi et les sommes dues ne peuvent en aucun cas être retenues par l'Acheteur. En particulier, tout retard dans la livraison des produits ou tout autre comportement de Gessi qui, de l'avis de l'Acheteur, constitue un manquement de la part de Gessi, ne justifie pas le retard de paiement des sommes dues de la part de l'Acheteur.

2.4.En cas de retard de paiement des sommes dues par l'Acheteur, Gessi se réserve le droit d'appliquer des intérêts de retard conformément au décret législatif n° 231/2002, sous réserve, en tout état de cause, des limites légales.

3. Réserve de propriété

Gessi reste propriétaire des Produits commandés jusqu'au paiement par l'Acheteur de la totalité du montant convenu pour la Commande et/ou jusqu'au paiement différé uniquement si ce mode de règlement a été expressément accepté par Gessi. Ainsi, l'Acheteur s'engage à coopérer avec Gessi pour protéger la propriété de cette dernière. Les risques de perte ou d'endommagement des Produits sont transférés à l'Acheteur à partir du moment où les Produits lui sont livrés conformément à l'article 4.1. des Conditions générales.

4. Expédition et livraison des produits

4.1.Sauf accord exprès entre les parties, la livraison des Produits aura lieu EXW (Incoterms 2010) siège social de Gessi en Italie.

4.2.Lors de la livraison des Produits commandés, l'Acheteur vérifiera (i) si la quantité de Produits reçus correspond à la quantité achetée et (ii) si l'emballage des Produits est intact. L’Acheteur se doit de signaler toute erreur et/ou divergence dans la livraison via un rapport de livraison, tout particulièrement toute erreur quant à la quantité et/ou au type de Produits livrés et/ou tout dommage d'emballage. Ce rapport doit être confirmé par écrit par qui a effectué la livraison à l'Acheteur par l’apposition de sa signature et doit être envoyé à Gessi.

4.3.Sauf accord contraire exprès entre les parties, dans les 14 jours calendaires suivant la livraison, l'Acheteur doit également (i) vérifier si les Produits ont été livrés en bon état ; (ii) documenter la présence de tout défaut dans les Produits, par exemple au moyen de photographies et/ou de vidéos montrant clairement ces défauts ; et (iii) signaler la présence de ces défauts à Gessi par courriel à l'adresse e-mail de son contact commercial (Gessi en confirmera alors la bonne réception) ou par fax ou lettre recommandée avec accusé de réception. Le rapport de l'Acheteur doit inclure une description détaillée et documentée de ces défauts. L'acheteur doit mettre les Produits à la disposition de Gessi pour lui permettre d'effectuer toutes les vérifications nécessaires ou envoyer les Produits au siège de Gessi pour les vérifications techniques appropriées, si Gessi le juge nécessaire. Les frais d'expédition ne seront pris en charge par Gessi que si les réclamations de l'Acheteur sont jugées justifiées par Gessi.

4.4.Si l'Acheteur n'émet aucune réclamation sur les Produits commandés et/ou sur la livraison dans les conditions et selon les modalités prévues aux articles 4.2. et 4.3., les Produits seront réputés, à l'exception des défauts visibles, avoir été livrés dans la quantité et la qualité convenues, ainsi qu'en bon état, et l'Acheteur ne pourra émettre aucune réclamation sur la quantité et la qualité des Produits livrés et/ou sur l'état des Produits, sauf dispositions contraires prévues par la loi en vigueur. Les dispositions précédentes n'affectent pas les obligations de garantie de Gessi. Il est entendu entre les parties que ni les conditions générales ni les garanties de Gessi n'affectent les garanties obligatoires prévues par la loi en vigueur.

5. Destination des produits

5.1.Les Parties conviennent que si la vente des Produits dans le pays indiqué par l'Acheteur comme pays de destination des Produits et/ou dans le pays où se trouve le siège de l'Acheteur est (ou si Gessi apprend qu'elle) est soumise à des restrictions ou violerait toute réglementation applicable

(les « Restrictions »), à moins que les Restrictions ne soient levées, les Commandes concernées seront annulées par Gessi conformément à l'art. 1456 du Code civil italien, sans possibilité de changer le pays de destination des Produits et Gessi pourra, à sa seule discrétion, (i) rembourser au Client le paiement reçu par ce dernier pour les Commandes annulées ; et/ou (ii) accorder un crédit à l'Acheteur pour les Produits non soumis aux Restrictions, sous réserve de disponibilité. En aucun cas l'Acheteur n'aura le droit de demander à Gessi de fournir des Produits dans des pays soumis à des Restrictions et/ou qui peuvent être utilisés pour contourner les Restrictions, Gessi étant un producteur désireux de respecter scrupuleusement toutes les lois en vigueur, y compris quant aux Restrictions. En cas de violation de l'article 12 octies du Règlement (UE) n° 833/2014, Gessi, outre le droit d'annuler les Commandes, peut se retirer de l'Accord et sera en droit de demander le remboursement des frais engagés dans le cadre de l'Accord ayant conduit à la violation, ainsi que des dommages-intérêts. Dans tous les cas, Gessi s'engage à informer les autorités compétentes en cas de violation de l'interdiction prévue au présent article.

5.2. L'Acheteur reconnaît que les Produits peuvent être destinés à certains territoires où les lois locales prévoient des conditions différentes de celles appliquées sur d'autres territoires et/ou où la structure sanitaire diffère de celle d'autres pays. L'Acheteur doit à tout moment revendre les Produits dans les territoires auxquels les Produits sont destinés afin de s'assurer qu'ils sont conformes aux lois locales, sous réserve de toute loi (y compris les lois de l'UE) interdisant les restrictions sur les territoires de revente.

6. Garanties Gessi

6.1. Gessi garantit que les Produits sont conformes aux spécifications techniques légales, sous réserve toutefois de tolérances raisonnables communément acceptées sur le marché, et qu'au moment de la livraison, les Produits sont exempts de défauts et/ou de vices liés aux matériaux utilisés ainsi qu'à l'exécution des travaux.

6.2. Gessi ne garantit pas que les Produits puissent être compatibles avec les lois et les équipements locaux dans le monde entier. Pour cette raison, la garantie n'est uniquement et exclusivement valable que pour tous les Pays auxquels le Produit vendu à l'Acheteur est destiné, sous réserve toutefois des dispositions des lois applicables.

7. Droits de propriété intellectuelle

7.1. L'Acheteur reconnaît que tous les droits d'auteur, les dessins industriels, les brevets, les marques, les marques de service, les logos, les noms commerciaux, les noms de domaine et/ou les slogans, qu'ils soient enregistrés ou non, ainsi que tous les autres droits de propriété intellectuelle relevant de différentes juridictions (les « Droits de propriété intellectuelle ») détenus ou autrement accessibles à Gessi et/ou à ses filiales ou sociétés affiliées, sont la propriété de Gessi et/ou de ses filiales ou sociétés affiliées, ou font l'objet d'une licence en leur faveur, leur accordant le droit exclusif d'utiliser et de bénéficier de ces droits de propriété intellectuelle et l'Acheteur n'acquiert aucun droit de propriété intellectuelle en signant les présentes conditions générales.

7.2. Pendant la durée de la relation commerciale entre les Parties et après sa cessation, l'Acheteur ne fabriquera pas les Produits ou tout autre produit similaire ou imitant les Produits et, n'enfreindra aucunement les Droits de propriété intellectuelle en toutes circonstances et/ou n'agira pas d'une manière susceptible de porter préjudice à Gessi.

7.3. L'Acheteur n'est pas autorisé à utiliser des en-têtes de lettres, des cartes de visite, des symboles (y compris dans la correspondance électronique avec des clients ou des tiers) ou d'autres représentations au nom de Gessi ou de l'une de ses filiales ou sociétés affiliées, ni à se présenter comme Gessi ou comme faisant partie du groupe auquel Gessi appartient ou comme l'une de ses filiales ou sociétés affiliées, sans l'autorisation écrite expresse de Gessi.

7.4. L'Acheteur commercialisera, distribuera et vendra les Produits exclusivement sous les marques, logos, noms commerciaux et autres signes distinctifs de Gessi (les « Marques ») et non sous d'autres marques. L'Acheteur ne doit retirer aucune des Marques de Gessi des Produits et/ou de leur emballage sans l'accord écrit de Gessi. Toute suppression, altération et/ou modification des Marques de Gessi, des données techniques ou des étiquettes livrées avec les Produits ou autrement fournies par Gessi sera considérée comme une violation des Droits de propriété intellectuelle de Gessi.

7.5. Il est entendu et convenu entre les Parties que Gessi n'accorde à l'Acheteur aucune licence d'utilisation des marques de Gessi ou d'autres matériels fournis par Gessi à l'Acheteur, sauf pour la promotion des Produits et en suivant strictement les instructions de Gessi.

7.6. L'Acheteur ne modifiera pas les Marques et les Produits de Gessi sans l'accord écrit préalable de Gessi. L'Acheteur reconnaît que si des modifications des Produits, des dessins, des Marques, du matériel promotionnel et/ou de tout autre Droit de propriété intellectuelle détenu par Gessi s'avèrent nécessaires pendant la durée de l'Accord, Gessi restera le propriétaire exclusif de tous les Droits de propriété intellectuelle modifiés.

7.7. L'Acheteur n'essaiera pas d'enregistrer les Droits de propriété intellectuelle de Gessi. En outre, l'Acheteur n'essaiera pas d'enregistrer ou même d'utiliser des Marques ou des dessins qui sont similaires aux Droits de propriété intellectuelle de Gessi au point de prêter à confusion (même s'ils ne sont pas enregistrés).

7.8. L'Acheteur doit conduire ses affaires de manière à ce que ses actions reflètent toujours favorablement les Produits et la réputation de Gessi.

7.9. Il est interdit à l'Acheteur d'utiliser les Droits de propriété intellectuelle de Gessi à des fins commerciales autres que celles strictement autorisées par l'Accord.

7.10. L'Acheteur doit immédiatement notifier à Gessi toute violation réelle ou potentielle des Droits de propriété intellectuelle de Gessi et doit coopérer avec Gessi pour protéger ces Droits de propriété intellectuelle en suivant strictement les directives de Gessi.

7.11. Gessi peut adopter des formes de distribution sélective à convenir à l'avance entre les Parties.

8. Code de conduite et directives

L'Acheteur s'engage à respecter le code de conduite de Gessi et toutes les directives de Gessi applicables à l'Acquéreur, qui peuvent être consultés sur le site officiel de Gessi https://www.gessi.com/.

9. Confidentialité

L'Acheteur reconnaît et accepte que, pendant la durée de la relation contractuelle avec Gessi et après sa résiliation, toute documentation et information commerciale confidentielle, sous quelque forme ou support que ce soit, divulguée par Gessi ou connue de l'Acheteur, verbalement ou par écrit, en raison de la relation commerciale avec Gessi et qui n'est pas généralement connue du public, telle que, mais sans s'y limiter, l'information relative aux Produits, aux finances, aux processus, aux services, aux clients, aux achats, aux résultats de tests, à la technologie, à la comptabilité, à la fabrication, à la distribution et au marketing (les « Informations ») resteront la propriété exclusive de Gessi, seront gardées strictement confidentielles par l'Acheteur et l'Acheteur ne les publiera pas, ne les divulguera pas, ne les diffusera pas et ne les utilisera pas de quelque manière que ce soit, sauf si cela est expressément autorisé dans les présentes Conditions générales. L'Acheteur ne peut reproduire ou copier les informations en tout ou en partie et doit les retourner ou les détruire à l'expiration ou à la résiliation de l'Accord. L'Acheteur doit protéger ces informations et veiller à ce que seuls les employés, les dirigeants et les administrateurs qui ont besoin d'avoir accès aux Informations pour remplir leurs obligations en vertu de l'Accord y aient accès et que ces employés, dirigeants et administrateurs se conforment aux obligations de confidentialité et de non-utilisation énoncées dans les Conditions générales. Ils doivent également respecter les codes de conduite et les politiques de Gessi.

GENERAL SALES CONDITIONS

1.Applicability

1.1.These general terms and conditions of sale (the “General Conditions”) shall form a binding contract between:

(i) “Gessi” meaning Gessi s.p.a. with its registered office in Parco Gessi, 13037 hamlet Vintebbio, Serravalle Sesia (VC), Tax Identification Number and VAT number 02235360027; and

(ii) the “Buyer” meaning the professional reseller agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions.

(collectively the “Parties”)

1.2.By agreeing to proceed with the purchase of Gessi’s products (the “Products”) after receiving these General Conditions, for example by accepting the delivery or by making a payment, the Buyer accepts these General Conditions under to art. 1327 of the Italian Civil Code. Following such acceptance of these General Conditions, they shall govern all the Orders placed by the Buyer (the “Orders”). The Orders accepted by Gessi, are deemed biding contracts of sale which cannot be terminated unilaterally by the Buyer. Such accepted Orders and these General Conditions shall constitute the entire agreement between the Parties (the “Agreement”).

1.3.These General Conditions shall prevail over any general conditions presented to Gessi by the Buyer, either in the purchase orders or otherwise, unless expressly accepted in writing by Gessi. These General Conditions are governed by the laws of Italy.

1.4.Gessi reserves the right, at its sole discretion, to modify the General Conditions from time to time. Any such change shall take effect upon communicating them to the Buyer.

1.5.The resolution, invalidity, or ineffectiveness of one (or part of) a clause or any provision of the Agreement shall not in any way result in the termination, invalidity, or ineffectiveness in part or in the whole of any other clause or provision of the Agreement.

2.Prices and payment

2.1.The prices indicated on this price list(the “Price List”) are V.A.T. excluded and they are expressed in ___ [inserire la valuta indicata nel listino prezzi/G-Arch In the course of the business relationship with the Buyer, Gessi may communicate to the latter changes in price. Gessi and the Buyer may agree on the specific discounts relating to the distribution services of the Buyer.

2.2.Gessi reserves the right to change the Price List, for example, by making changes to the Products and/or even eliminating the same model from this Price List, at any time and at its sole discretion, without any obligation to give prior notice to the Buyer.

2.3.The payments become due with the expiration date of the relevant invoice of Gessi and shall not be retained by the Buyer under any circumstances. In particular, any delays in delivery or other conduct of Gessi the Buyer believes constitutes a default of Gessi shall not constitute grounds for any delay in the payments due.

2.4.In case of any delay in the payment due, Gessi reserves the right to charge default interest under Legislative Decree no. 231/2002 as amended, without prejudice in any case to the applicable legal limits.

3.Retention of title

The ordered Products shall remain the property of Gessi until the relevant Order is entirely paid up by the Buyer and/or in the case of an extended payment if such was agreed upon by Gessi. For that purpose, the Buyer shall cooperate with Gessi to protect Gessi’s ownership. The above is without prejudice to the fact that the risks of losing or damaging the Products shall pass to the Buyer from the moment the Products are delivered to the Buyer under art. 4.1. hereof.

4.Shipment and delivery

4.1.Unless otherwise expressly agreed upon by the Parties, the delivery shall be EXW (Incoterms 2010) Gessi’s headquarters, Italy.

4.2.Upon delivery of the ordered Products, the Buyer shall check (i) if the delivery is complete; and (ii) the packaging of the Products. The Buyer shall report, on a delivery report that must also be signed by the person delivering the Order to the Buyer and sent to Gessi, any default of delivery, indicating any error in the quantity or kind of the Products delivered or any damage to the packaging.

4.3.Unless otherwise expressly agreed upon by the Parties, within 14 calendar days from the delivery, the Buyer shall also (i) verify whether the Products were delivered in good shape; (ii) duly document any possible defects of production in the Products, with photographs and/or videos showing clearly such defects; and (iii) report any such defects to Gessi, via email at the mail address of your commercial referent (the reception of which should be confirmed by Gessi), fax, or registered letter, including a detailed description of the default and the documentation proving the default. The Buyer shall make the Products available for inspection or, if requested by Gessi, resend the Products to Gessi at Gessi’s cost (if Gessi confirms the Buyer’s claims) for its inspection when Gessi believes it is necessary.

4.4.If the Buyer does not raise any objection to the delivery and/or to the ordered Products according to the provisions of the above Sections 4.2. and 4.3., such delivery and ordered Products shall be considered, regarding visible defects, delivered in expected quantity and quality, in good shape, and the Buyer shall not be entitled to raise any further objections in that regard unless otherwise provided for by applicable law. The above is without prejudice to Gessi’s warranty obligations. It is understood that neither these General Conditions nor Gessi’s warranty shall prejudice any imperative guarantees provided by applicable laws.

5.Destination of Products

5.1.The Parties agree that if the sale of the Products in the country indicated by the Buyer as the country of destination of the Products and/or in the country in which the Buyer headquarters is located becomes (or it comes to Gessi’s knowledge that it has been) restricted by or would infringe any applicable regulations (the “Restrictions”) and unless the Restrictions are withdrawn, the relevant Orders will be cancelled by Gessi under art. 1456 of the Italian Civil Code, without the possibility to change the destination of the shipment and Gessi may, at its sole discretion, choose to (i) refund the payments already obtained from the Buyer for such cancelled Orders, (ii) and/or give credit to the Buyer for the Products that are not restricted, subject to availability. Under no circumstances shall the Buyer have the right to request Gessi to supply the Products to the countries

which are covered by the relevant Restrictions and/or which may be used to circumvent such Restrictions, being Gessi a manufacturer dedicated to scrupulous compliance with all the applicable laws, including also the legislation regarding the Restrictions. In the event of a violation of Article 12g of Regulation (EU) No. 833/2014, Gessi, in addition to the right to cancel Orders, may withdraw from the Agreement and shall have the right to request reimbursement of the expenses incurred in relation to the Agreement that led to the violation, as well as compensation for damages. In any case, Gessi commits to notifying the competent Authorities in the event of a violation of the prohibition set forth in this article.

5.2.The Buyer acknowledges that the Products may be dedicated to certain territories where local laws provide different requirements than other territories and/or where the sanitary structure differs from other countries. The Buyer shall always resell the Products within territories for which the Products are destined to ensure they comply with local laws. This is without prejudice to any laws (also including EU laws) prohibiting limitations of the resale territories.

6.Warranties of Gessi

6.1.Gessi warrants that the Products will correspond with their technical specifications subject to reasonable tolerances generally accepted in the trade and will be free from defects in material and workmanship at the time of delivery.

6.2.Gessi does not warrant that the Products will be compatible with local laws and appliances worldwide. For this reason, the warranty is valid only and exclusively for all countries for which the Product sold to the Buyer is destined, without prejudice, in any case, to the provisions of the applicable laws.

7.Use of Gessi's Intellectual Property Rights by the Buyers

7.1.The Buyer acknowledges that all copyrights, industrial designs, patents, trademarks, service marks, logos, commercial names, trade names, domain names and/or slogans, whether registered or unregistered and all other intellectual property rights protected under different jurisdictions (the "Intellectual Property Rights") held or in any case operated by Gessi and/or by its subsidiaries and affiliates are owned by or licensed to Gessi and/or its subsidiaries and affiliates, granting them an exclusive right to use and benefit from such Intellectual Property Rights and the Buyer does not acquire any such rights hereunder.

7.2.During the Parties' business relationship and after its end, the Buyer shall not produce the Products or any other products similar to or imitating the Products or in any other way infringe the Gessi' Intellectual Property Rights and/or act in any other way to the detriment of the goodwill of Gessi.

7.3.The Buyer shall not use letterhead, calling cards, signage (also in the e-mail correspondence with clients and other third parties) or other representations in the name of Gessi or any of its subsidiaries or to represent itself as Gessi or as a part of Gessi's team or as any of its subsidiaries without the express, written permission of Gessi.

7.4.The Buyer shall market, distribute and sell the Products only under the trademarks, logos, commercial names and other distinctive signs (the "Trademarks") of Gessi and not under any other Trademark. The Buyer shall not remove any Trademarks of Gessi from the Products and/or their packaging without Gessi's written consent. Any such removal, distortion and/or change of the Trademarks of Gessi or technical data or labels delivered with the Products or otherwise provided by Gessi shall be considered an infringement of the Intellectual Property Rights of Gessi.

7.5.It is understood and agreed by the Buyer that Gessi does not grant to the Buyer any licence to use the Trademarks of Gessi or its other materials provided to the Buyer by Gessi otherwise than as necessary for the promotion of the Products and following strictly the indications of Gessi.

7.6.The Buyer shall not alter any Trademarks or Products of Gessi without the latter's prior written consent. The Buyer acknowledges that if, during the effectiveness of this Agreement, changes to the Products, designs, Trademarks, promotional materials and/or other Intellectual Property of Gessi become necessary, Gessi will remain, in any case, the exclusive owner of all such modified Intellectual Property Rights.

7.7.The Buyer shall not attempt to register any of the Intellectual Property Rights of Gessi. Furthermore, the Buyer shall not attempt to register or even use any other Trademarks or designs confusingly similar to the Intellectual Property Rights of Gessi (also if they are not registered).

7.8.The Buyer shall conduct business in a manner that always reflects favourably on the Products and reputation of Gessi.

7.9.Any commercial use of the Intellectual Property Rights of Gessi by the Buyer other than strictly permitted under this Agreement is prohibited.

7.10.The Buyer shall immediately report to Gessi any actual or potential infringements of the Intellectual Property rights of Gessi and shall cooperate with Gessi in protecting such Intellectual Property Rights according to Gessi's instructions.

6.11. Gessi may adopt selective forms of distribution that will first be agreed upon between the parties.

8. Code of conduct and policy

The Buyer shall comply with Gessi's code of conduct and all Gessi's policies applicable to the Buyer, which can be found on Gessi's official website: https://www.gessi.com/.

9. Confidentiality

The Buyer acknowledges and agrees that, during the business relationship with Gessi and after its expiry, all documentation and confidential business information, in whatever form or media, disclosed by Gessi to or known by the Buyer orally or in writing as a consequence of or through the Buyer's relationship with Gessi and which is not generally known to the public, including but not limited to, correspondence with Gessi, information concerning Gessi's products, finances, processes and services, clients, purchasing, test results, technology and technical information, accounting, manufacturing, distribution and marketing ("Information"), shall remain the sole and exclusive property of Gessi, shall be held in strict confidence by the Buyer, and shall not be published, disclosed, disseminated or used by the Buyer in any manner, except as expressly permitted hereunder. The Buyer may not reproduce or copy the Information, in whole or in part, and must return or destroy the Information upon the expiration or other termination of this Agreement. In addition, the Buyer shall safeguard such Information and ensure that only the Buyer's employees, officers and directors who need access to the Information for purposes of performing the Buyer's obligations under this Agreement

will be given such access and all such employees, and officers and directors will comply with the confidentiality and non-use obligations set forth herein. It also complies with Gessi's codes of conduct and policies.
